WHAT'S NEW IN THE NINTH EDITION

The Ninth Edition of *Federal Trial Objections* replaces the Eighth Edition, which was published at the end of 2023. Changes to the Ninth Edition include:

- Coverage of new Federal Rule of Evidence 107, which discusses the use of illustrative aids to help the trier of fact understand evidence presented or arguments made.
- Discussion about which illustrative materials are now covered under Federal Rule of Evidence 107 rather than Federal Rule of Evidence 611.
- Coverage relating to machine generated evidence and a potential new Federal Rule of Evidence that would apply to such evidence.

Used by judges and lawyers alike, *Federal Trial Objections* is written in a concise manner and published in a handy paperback format, so that it will fit easily into a legal briefcase and can be consulted right in the courtroom.
