#### **Understanding what is important in a case**

- big-picture identification, 49
- determination of the requireds, 53–56
- reading and planning, 50–53
- • outline, 51–53, 55–56
- • • example of, 55–56
- • rank the issues, 54
- • reading, 50
- • template, use of, 52–53
- your role in CFE question, 53

## **W**

#### **Writing skills**, *see also*

##### Writing the exam

- common pitfalls, 57

## Index

### Writing skills (*cont'd*)

- conclusions
  - follows analysis, 65
  - overall, 66
  - strong vs. weak, 66-67
  - example of strong conclusions, 66, 67
  - use of case facts to support, 65
- in-depth writing, 57-65
  - answer question, “So what?”, 62, 78
  - examples of, 63-65
  - use of case facts, 60
- introductions, 71
- one issue at a time, 58
  - example of, 58-59
- overview, 67-70
  - example of, 69-70
  - to define “bias”, “fairness”, “cost”, 68-69
- professional response, 70

- start with most important issues, 57
- subheadings, 58
  - use of “Other” for minor issues, 71
- typos and grammatical errors, 71
- write in complete thoughts, 58
- your role, focus on, 70-71

### Writing the exam

- Days 1 and 2, 128-129
- Day 3, 130-131
- rest and mental preparation, 127-129
- stress, dealing with, 130-131
