**What's New in this Update:**

There are not many new cases this time around. The reasons in *Stoeff v. Stephenson*, 2025 BCSC 737 remind us of the duty to be aware of one's surroundings and to take care of one's own safety. In the Research Guide, we see that the Law Reform Commission of Saskatchewan has published a comprehensive study of the law of occupier's liability in Saskatchewan and elsewhere in Canada. It is well worth a look.
