This checklist reflects the status of each volume after all pocket parts or other special materials have been placed within the set.

Digest topics occasionally are given new or modified titles. When this affects a topic identified on the spine of a bound volume, both the old and new title will be indicated on the first page of its pocket part, with the new title being placed in parentheses.

You may wish to use this checklist as your guide in the proper placement of materials, checking the missing items as you go. Then, when you are finished, you may use the checklist as your order form to order all missing materials. Information on this checklist is current through November, 2023.
