Dear Valued Subscriber,

Thomson Reuters is committed to providing you with annual updates to *West's Nevada Revised Statutes Annotated* that are current, fully annotated and easy to use. Annual pocket parts are one way we fulfill that commitment to keeping both text and annotations as current as possible in a format that is both convenient and intuitive.

Originally published in 2000 with 34 volumes, the set has grown to 50 volumes today. Even with that growth, however, there are still ten volumes requiring supplementary pamphlets rather than pocket parts owing to their size. While sometimes necessary, pamphlets have several disadvantages, including bulk and a propensity for getting lost.

To address this situation and reduce the number of supplementary pamphlets in the set, we will be issuing six recompiled volumes in 2021 and 2022 rather than the usual four. In 2023 we will return to the regular recompilation schedule.

Should you have any questions regarding this product, please contact Customer Service at 1-800-328-4880. If you would like to inquire about related publications, or to place an order, please contact us at 1-888-728-7677.

Sincerely,

Thomson Reuters
