NOTATION — AUGUST 23, 2018

Today, we received an advisory from a customer concerning shelving instructions accompanying the 2018 recompiled volumes for the Tennessee statutes. These recompiled volumes were shipped in about May 2018.

The report to us read as follows:

“Customer was shelving the May 2018 update for TN CODE SUB, which included v15, 15A, 30, 30A, and 30B. The shelving instructions he was sent with the update were wrong and said to remove and recycle v14, 20, and 21, which would have left gaps in the volumes. The correct instructions were to remove v15, 30, and 30A. Subscription Material: 40016344.”

We believe the customer might have been in error as explained below, but we are passing this information along in case Customer Service should receive any similar inquiries.

Shelving instructions appearing in the item currently displayed in CPC under “**Filing and Shipping Information**”, dated 05/08/2018 and entitled “2018 Replacement Volumes (v15, 15A, 30, 30A, 30B) Shipment Inse ...”, is correct, and to our knowledge, this is the shipping insert that customers received with the 2018 Tennessee recompilation volumes from West.

We believe the customer who brought this up might have been looking, mistakenly, at shelving instructions that appeared in **last year’s** shipping insert.

We bring this to your attention in the event you receive inquiries from other customers who bring up the same concern or question.

If you have questions, please do not hesitate to let me know. Thanks!
