## **Preface**

### **(2025–2026 Supplement Pamphlet)**

Enclosed is the 2025-2026 Supplementary Pamphlet for Products Liability Law, Volume 27, in the Minnesota Practice Series. This new pamphlet updates all of the material covered in the bound volume. PLEASE NOTE: Because of a great many important changes and required updates, and because of page limitations for pocket parts, we continue to need to publish this update as a pamphlet rather than a pocket part.

This volume provides an analysis of the primary issues that arise in Minnesota products liability cases, as well as guidance on several matters of importance in the litigation process. It also provides a detailed historical perspective on Minnesota law, along with an analysis of the primary causes of action that are commonly asserted in Minnesota products liability cases, including a detailed analysis of warranty claims.
