This year we are providing you with all new contents of the treatise. Attorneys Medical Deskbook: Medical Questionnaires for Clients or Witnesses has been converted into a pamphlet format. This should greatly improve the reader's experience in terms of filing pages within a limited binder system—allowing the work to easily expand as needed. Though the format is changing, customers are not being charged more for this format change. Subscribers will pay the same overall price that they would have been charged during the course of the year.
