Volume 23

CHAPTER 1. ORGANIZATION OF WASHINGTON ENVIRONMENTAL AGENCIES

A. OVERVIEW OF STATE ENVIRONMENTAL AGENCIES

- § 1.1 Environmental agency creation
- § 1.2 Chief executive officers
- § 1.3 Agency office locations
- § 1.4 Legal representation for agencies
- § 1.5 Administrative procedures

B. ENVIRONMENTAL HEARINGS OFFICE

- § 1.11 Environmental hearings office overview
- § 1.12 Pollution control hearings board
- § 1.13 Forest practices appeals board
- § 1.14 Shorelines hearings board
- § 1.15 Hydraulics appeals board
- § 1.16 Environmental and land use hearings board

C. DEPARTMENT OF ECOLOGY

- § 1.21 Legislative creation, purpose and organization of department of ecology
- § 1.22 Powers and duties of director of department of ecology

D. DEPARTMENT OF NATURAL RESOURCES

- § 1.31 Creation of department of natural resources
- § 1.32 Chief administrator of department of natural resources
- § 1.33 Supervisor of department of natural resources
- § 1.34 Board of department of natural resources
- § 1.35 Department of natural resources responsibilities

E. OTHER AGENCIES WITH ENVIRONMENTAL RESPONSIBILITIES

- § 1.41 Department of fish and wildlife

- § 1.42 Department of agriculture
- § 1.43 State parks and recreation commission

CHAPTER 2. PUGET SOUND WATER QUALITY AUTHORITY

- § 2.1 Introduction
- § 2.2 Legislative history of the Puget Sound water quality authority
- § 2.3 The Puget Sound water quality management plan
- § 2.4 Requirements in the Puget Sound water quality management plan
- § 2.5 Impacts of the Puget Sound water quality management plan on statutory developments
- § 2.6 Impacts of the Puget Sound water quality management plan on regulatory developments
- § 2.7 Impacts on agency guidance materials
- § 2.8 The national estuary program
- § 2.9 Action for Puget Sound initiative

CHAPTER 3. ENVIRONMENTAL LAW AND TRIBAL RIGHTS

A. JURISDICTION OVER INDIAN LANDS

- § 3.1 Tribal sovereignty
- § 3.2 Federal regulatory jurisdiction
- § 3.3 Tribal regulatory jurisdiction
- § 3.4 State regulatory jurisdiction

B. TRIBAL ENVIRONMENTAL REGULATION

- § 3.11 Overview
- § 3.12 EPA policy for the administration of environmental programs on Indian reservations
- § 3.13 Clean Water Act
- § 3.14 Clean Air Act
- § 3.15 The Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)
- § 3.16 Safe Drinking Water Act
- § 3.17 Federal Insecticide, Fungicide and Rodenticide Act
- § 3.18 Resource Conservation and Recovery Act
- § 3.19 Tribal liability under pollution control laws

C. CONTROL OF NATURAL RESOURCES AND LAND USE ON THE RESERVATION

- § 3.31 Overview

TABLE OF CONTENTS

- § 3.32 Tribal water rights
- § 3.33 Tribal treaty rights to Washington fisheries
- § 3.34 Tribal control of land use on the reservation
- § 3.35 National Environmental Policy Act (NEPA) a roadblock to development on the reservation
- § 3.36 Abrogation of treaty rights

CHAPTER 4. ENVIRONMENTAL REGULATION UNDER COMMON LAW

- § 4.1 Role of common law claims
- § 4.2 Nuisance
- § 4.3 Trespass
- § 4.4 Negligence
- § 4.5 Strict liability
- § 4.6 Inverse condemnation
- § 4.7 Joint and several liability
- § 4.8 Remedies
- § 4.9 Defenses

CHAPTER 5. AIR QUALITY REGULATION IN WASHINGTON

A. INTRODUCTION

- § 5.1 Overview
- § 5.2 Major sources of air pollution in Washington
- § 5.3 Common acronyms related to air quality regulation
- § 5.4 Significant definitions related to air quality regulation

B. AGENCY JURISDICTION OVER AIR QUALITY

- § 5.11 Environmental protection agency
- § 5.12 Washington department of ecology
- § 5.13 Local air pollution control authorities
- § 5.14 Energy Facility Site Evaluation Council
- § 5.15 Washington department of health

C. MAJOR ELEMENTS OF THE FEDERAL CLEAN AIR ACT APPLICABLE TO THE STATE OF WASHINGTON

- § 5.21 National ambient air quality standards
- § 5.22 Designation of nonattainment areas
- § 5.23 State implementation plans
- § 5.24 Prevention of significant deterioration

- § 5.25 Federal emission standards
- § 5.26 Operating permits

D. CONTROLS ON STATIONARY SOURCES IN WASHINGTON

- § 5.31 Registration
- § 5.32 Notice of construction—New source review
- § 5.33 Operating permits for large stationary sources
- § 5.34 Operating permits—Content and implementation
- § 5.35 —Compliance and enforcement
- § 5.36 Fees
- § 5.37 General emission standards
- § 5.38 Existing versus new sources' modifications
- § 5.39 Existing sources—RACT
- § 5.40 —Hazardous air pollutants
- § 5.41 New sources—Technology standards
- § 5.42 —Toxic air pollutants—State law
- § 5.43 —Hazardous air pollutants—Federal law
- § 5.44 —Prevention of significant deterioration
- § 5.45 —PSD baseline and increments
- § 5.46 —Synthetic minors
- § 5.47 —Nonattainment areas
- § 5.48 Local air authority rules

E. MOBILE SOURCE CONTROL STRATEGIES

- § 5.61 Federal preemption of vehicle controls
- § 5.62 Stage II vapor recovery
- § 5.63 Vehicle inspection & maintenance
- § 5.64 Transportation demand management
- § 5.65 Regulation of fuel content

F. MISCELLANEOUS SOURCES

- § 5.71 Asbestos
- § 5.72 Wood stoves
- § 5.73 Open burning

G. ENFORCEMENT PROCESS

- § 5.81 Overview
- § 5.82 Administrative actions
- § 5.83 Civil penalties
- § 5.84 Injunctions and restraining orders
- § 5.85 Federal overfiling

TABLE OF CONTENTS

- § 5.86 Pollution control hearings board
- § 5.87 Criminal enforcement
- § 5.88 Citizen enforcement
- § 5.89 Defenses and mitigation

CHAPTER 6. NOISE CONTROL

- § 6.1 Overview
- § 6.2 EDNA classifications
- § 6.3 Maximum permissible environmental noise levels
- § 6.4 Exemption provisions
- § 6.5 Variances
- § 6.6 Penalties

CHAPTER 7. WASHINGTON STATE WATER POLLUTION CONTROL

- § 7.1 Background of water pollution regulation in Washington State

A. TERMINOLOGY AND DEFINITIONS

- § 7.11 Introduction
- § 7.12 Terms and definitions
- § 7.13 Common acronyms

B. STRUCTURE OF THE CLEAN WATER ACT

- § 7.21 Overview
- § 7.22 Effluent limitations
- § 7.23 Water quality standards
- § 7.24 National pollutant discharge elimination system permit program
- § 7.25 The § 404 permit program
- § 7.26 Federal facilities in the state of Washington

C. EFFLUENT LIMITATIONS

- § 7.31 Overview
- § 7.32 Technology-based standards for industrial sources
- § 7.33 Technology requirements for existing sources
- § 7.34 Best practicable control technology
- § 7.35 Best conventional control technology
- § 7.36 Best available control technology
- § 7.37 Best professional judgment
- § 7.38 Technology requirements for new sources
- § 7.39 Technology-based standards for publicly owned treatment works

- § 7.40 Pretreatment standards
- § 7.41 Best management practices
- § 7.42 Modification of effluent limits—Variances
- § 7.43 —Fundamentally different factors
- § 7.44 —Intake water quality
- § 7.45 The variability issue/the upset defense

D. WATER QUALITY STANDARDS

- § 7.51 Overview
- § 7.52 Designated uses and criteria
- § 7.53 Establishment of water quality standards
- § 7.54 Water quality criteria
- § 7.55 Water quality standards
- § 7.56 Water quality-based effluent limits
- § 7.57 The National Toxics Rule
- § 7.58 Whole effluent toxicity
- § 7.59 Total maximum daily loads (TMDLS)
- § 7.60 Individual control strategies
- § 7.61 Mixing zones
- § 7.62 —In lakes
- § 7.63 —In rivers
- § 7.64 —In estuaries
- § 7.65 —In oceans

E. GROUNDWATER PROTECTION

- § 7.71 Overview
- § 7.72 Groundwater quality standards
- § 7.73 Enforcement limits
- § 7.74 Point of compliance
- § 7.75 Monitoring requirements
- § 7.76 Problem areas

F. NONPOINT SOURCE POLLUTION

- § 7.81 Overview
- § 7.82 Shellfish protection
- § 7.83 Stormwater
- § 7.84 Combined sewer overflows
- § 7.85 The Nonpoint Rule
- § 7.86 Boats and marinas
- § 7.87 Coastal Zone Act Reauthorization Amendments of 1990
- § 7.88 On-site sewage systems (septic tanks)
- § 7.89 Forest practices
- § 7.90 Agricultural wastes

TABLE OF CONTENTS

G. NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT PROGRAM

- § 7.101 Overview
- § 7.102 Requirement for national pollutant discharge elimination system permit
- § 7.103 General national pollutant discharge elimination system permits
- § 7.104 Individual national pollutant discharge elimination system permits—Overview
- § 7.105 Technology-based effluent limits
- § 7.106 Water quality-based effluent limits
- § 7.107 Monitoring requirements
- § 7.108 Anti-backsliding requirement
- § 7.109 Other requirements
- § 7.110 General requirements
- § 7.111 Duration, modification, renewal and transfer of permits

H. NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM STORMWATER PERMITS

- § 7.121 Overview
- § 7.122 Scope of the permitting requirements
- § 7.123 Notice of intent
- § 7.124 Public notice
- § 7.125 The stormwater pollution prevention plans
- § 7.126 Stormwater pollution prevent plans—For industrial facilities
- § 7.127 Stormwater pollution prevention plans—For construction site
- § 7.128 Closed facilities

I. STATE WASTE DISCHARGE PERMITS

- § 7.141 State-only discharge permits
- § 7.142 Underground injection permits

J. ENFORCEMENT OF WATER POLLUTION CONTROL LAWS

- § 7.161 State enforcement
- § 7.162 Federal enforcement
- § 7.163 Citizen suits

CHAPTER 8. WATER RIGHTS

A. HISTORICAL BACKGROUND

- § 8.1 Introduction and constitutional issues

- § 8.2 History surrounding water rights in Washington

B. THE APPROPRIATIVE RIGHT

- § 8.10 Elements of the appropriative right—Perfection
- § 8.11 —Amount
- § 8.12 —Transfer, assignment, or change in location or purpose of use
- § 8.13 —Reasonable use
- § 8.14 Abandonment, forfeiture and relinquishment of water rights

C. ACQUISITION OF SURFACE WATER RIGHTS

- § 8.20 Waters managed by the state
- § 8.21 Permit criteria
- § 8.22 Permit types—Preliminary and temporary
- § 8.23 Reservoir permits
- § 8.24 The permit process—Filing and processing
- § 8.25 —Ecology investigation and evaluation
- § 8.26 —Decision and conditions of approval
- § 8.27 —Appeal of ecology decision
- § 8.28 Perfecting the water right
- § 8.29 Issuance of water right certificate

D. ACQUISITION OF GROUNDWATER RIGHTS

- § 8.30 Overview
- § 8.31 The permit system—Application for a permit to withdraw groundwater
- § 8.32 Issuance of groundwater right permit
- § 8.33 Issuance of certificate of groundwater rights
- § 8.34 Certificate amendments
- § 8.35 Relationship between ground and surface water rights
- § 8.36 Enforcement of groundwater rights
- § 8.37 Claim of ownership of artificially-stored waters

E. AUTHORITY OF ECOLOGY TO REGULATE WATER RIGHTS

- § 8.40 Origins of agency authority
- § 8.41 Ecology authority
- § 8.42 Enforcement—General
- § 8.43 —Water rights priority decisions
- § 8.44 —The water master program
- § 8.45 —The sinking creek decision
- § 8.46 Water conservancy boards
- § 8.47 Scope of authority of water conservancy boards
- § 8.48 Water conservancy board procedures

F. ADJUDICATION OF WATER RIGHTS

- § 8.50 Adjudication—Statutory basis

TABLE OF CONTENTS

- § 8.51 Procedure
- § 8.52 Inadequacies of the adjudication process

G. MINIMUM INSTREAM FLOWS AND LEVELS

- § 8.61 Statutory framework
- § 8.62 The Elkhorn case
- § 8.63 Instream flows and the Endangered Species Act

H. WATER RIGHTS AND THE GROWTH MANAGEMENT ACT

- § 8.70 Water resource planning and management
- § 8.71 Water resources and growth management
- § 8.73 Water resource management—Watershed planning
- § 8.74 Trust water rights program

I. FEDERAL RESERVED WATER RIGHTS

- § 8.80 Development of the doctrine
- § 8.81 Essential elements of the doctrine

J. PUBLIC TRUST DOCTRINE

- § 8.90 Introduction
- § 8.91 Constitutional basis of the doctrine
- § 8.92 Judicial interpretation of the doctrine

K. FAMILY FARM WATER ACT

- § 8.100 Introduction
- § 8.101 Classes of FFWA permits
- § 8.102 Withdrawal and transfers of water under the FFWA

CHAPTER 9. WASHINGTON STATE OIL SPILL LIABILITY AND REGULATION

A. WASHINGTON STATE OIL SPILL LEGISLATION AND THE OIL POLLUTION ACT OF 1990

- § 9.1 Overview
- § 9.2 History of federal oil spill statutes
- § 9.3 History of Washington state legislation
- § 9.4 Federal preemption
- § 9.5 Table of acronyms

B. AGENCY AUTHORITIES

- § 9.11 Overview

ENVIRONMENTAL LAW AND PRACTICE

- § 9.12 State agencies—Department of ecology
- § 9.13 Office of marine safety
- § 9.14 Washington maritime commission/cooperative
- § 9.15 Emergency management division
- § 9.16 Other state agencies
- § 9.17 Federal agencies—United States Coast Guard
- § 9.18 Environmental protection agency
- § 9.19 Other federal agencies
- § 9.20 Interjurisdictional organizations—U.S. Coast Guard/U.S. environmental protection agency national response teams
- § 9.21 Regional response teams
- § 9.22 Other task forces
- § 9.23 Indian tribes

C. OIL SPILL PREVENTION AND CONTINGENCY PLANS

- § 9.31 Overview
- § 9.32 Oil spill prevention plans
- § 9.33 Prevention plans—Covered facilities & vessels
- § 9.34 —Contents and approval criteria
- § 9.35 —Submittal requirements
- § 9.36 —Plan approvals
- § 9.37 Oil spill contingency plans
- § 9.38 Contingency plans—Contents and approval criteria
- § 9.39 —Response capability
- § 9.40 —Measurement of response capability
- § 9.41 —Performance versus planning
- § 9.42 —Further requirements
- § 9.43 —Submittal requirements
- § 9.44 —Approval, denial, and renewal
- § 9.45 Oil spill response contractor standards
- § 9.46 Facility operations manual standards
- § 9.47 Facility oil-handling operations and design standards
- § 9.48 Facility personnel oil-handling training and certification
- § 9.49 Northwest area contingency plan
- § 9.50 Geographic response plans
- § 9.51 Relationship with federal plans

D. FINANCIAL RESPONSIBILITY

- § 9.61 Overview
- § 9.62 Applicability—Oil and hazardous substances
- § 9.63 Evidence of financial responsibility
- § 9.64 Enforcement of financial responsibility requirements

TABLE OF CONTENTS

E. OIL SPILL AND INCIDENT REPORTING REQUIREMENTS

- § 9.71 Spill reporting
- § 9.72 Vessel screening rules
- § 9.73 Notification of accidents and near misses

F. OIL SPILL RESPONSE

- § 9.81 Overview
- § 9.82 Oil recovery and dispersal methods
- § 9.83 Remediation techniques
- § 9.84 The lawyer's role during oil spill response

G. LIABILITY

- § 9.91 Overview
- § 9.92 Statutory liability—Civil liability for discharging oil into state waters
 - § 9.93 —Liability for civil penalties
 - § 9.94 —Duty to cleanup
 - § 9.95 —Liability for state cleanup expenses
 - § 9.96 —Liability for damages
 - § 9.97 —Determining the liable party
 - § 9.98 —Section 370 defenses
 - § 9.99 —Oil spill response contractor immunity
 - § 9.100 —Reckless operation of a tank vessel
 - § 9.101 —Unpermitted discharge of pollutants
 - § 9.102 —MTCA liability
 - § 9.103 —Failure to notify
 - § 9.104 —Failure to have an approved vessel or facility contingency or prevention plan
 - § 9.105 —Failure to have evidence of financial responsibility
 - § 9.106 —Transfer of oil to or from a vessel/facility without a contingency plan, prevention plan, or evidence of financial responsibility
 - § 9.107 —Failure to comply with prevention or contingency plan or with plan requirements
 - § 9.108 —Violations of Chapters 88.46, 90.48 or 90.56
- § 9.109 Common law liability
- § 9.110 Private right of recovery against other persons
- § 9.111 Statutory liability—Criminal

H. NATURAL RESOURCE DAMAGE ASSESSMENTS

- § 9.121 Overview
- § 9.122 Natural resources

- § 9.123 State as claimant
- § 9.124 Preassessment screening
- § 9.125 Compensation tables—Development
- § 9.126 —Application
- § 9.127 Formal resource damage assessment—Quantification
- § 9.128 —Procedure
- § 9.129 Practical considerations
- § 9.130 Payment of claims and judicial review

CHAPTER 10. WETLANDS REGULATION IN WASHINGTON

§ 10.1 Introduction

A. JURISDICTIONAL REACH OF THE FEDERAL AND STATE REGULATORY PROGRAMS

- § 10.2 Federal definition of wetlands
- § 10.3 Wetlands definition—The three basic technical criteria
- § 10.4 —Determining whether wetlands are “adjacent” to streams, rivers or other surface waters
- § 10.5 —Non-adjacent or “isolated” wetlands
- § 10.6 Wetlands subject to state regulation
- § 10.7 Wetlands under the Clean Water Act Section 401 certification program
- § 10.8 Wetlands under the Coastal Zone Management Act certification program
- § 10.9 Wetlands under the Shoreline Management Act
- § 10.10 Wetlands under the Growth Management Act

B. FEDERAL REGULATION AND PERMITTING OF ACTIVITIES IN WETLANDS

- § 10.21 Activities regulated under the federal Section 404 program
- § 10.22 Activities exempt from Section 404 regulation
- § 10.23 Nationwide and other general permits under Section 404
- § 10.24 Individual permits under Section 404
- § 10.25 Enforcement for violations of Section 404 permit requirements

C. STATE REGULATION AND PERMITTING OF ACTIVITIES IN WETLANDS

- § 10.31 State shoreline management program—Activities regulated in wetlands
- § 10.32 Shoreline Management Act—Permitting
- § 10.33 —Enforcement

TABLE OF CONTENTS

- § 10.34 Growth Management Act—Activities regulated in wetlands
- § 10.35 —Exempt activities
- § 10.36 —Permitting

CHAPTER 11. SEDIMENT MANAGEMENT STANDARDS

A. INTRODUCTION

- § 11.1 Overview
- § 11.2 Puget sound water quality plan requirements
- § 11.3 Authority and purpose
- § 11.4 Applicability
- § 11.5 Antidegradation and designated use policies
- § 11.6 Glossary

B. SEDIMENT QUALITY STANDARDS

- § 11.11 Sediment quality standards designation procedures
- § 11.12 Marine sediment quality standards
- § 11.13 Sediment quality standards—Apparent effects threshold
- § 11.14 —Marine numerical standards
- § 11.15 —Marine biological standards
- § 11.16 Non-puget sound marine sediment, low salinity sediment and freshwater sediment standards
- § 11.17 Sediment quality standards inventory

C. SEDIMENT IMPACT ZONES

- § 11.21 Sediment source control—General considerations
- § 11.22 Sediment quality goal and sediment impact zone applicability
- § 11.23 Marine finfish rearing facilities
- § 11.24 Sediment impact zones
- § 11.25 Dredged material and fill discharge activities
- § 11.26 Sediment impact zone maximum criteria

D. SEDIMENT CLEANUP STANDARDS

- § 11.31 Sediment cleanup standards—General
- § 11.32 Screening sediment station clusters of potential concern
- § 11.33 Notification
- § 11.34 Hazard assessment and site identification
- § 11.35 Ranking and listing of sites
- § 11.36 Types of cleanup and authority
- § 11.37 Cleanup study
- § 11.38 Sediment cleanup standards

- § 11.39 Cleanup action decision
- § 11.40 Sediment recovery zones
- § 11.41 Sampling and testing plans/record management

E. THE PUGET SOUND DREDGED DISPOSAL ANALYSIS PROGRAM

- § 11.51 History
- § 11.52 Initial area rankings
- § 11.53 Chemical and biological criteria
- § 11.54 Site specific chemicals of concern
- § 11.55 Bioaccumulation guidelines

CHAPTER 12. HYDRAULIC CODE

- § 12.1 Purpose
- § 12.2 Hydraulic projects that may require hydraulic project approval permits
- § 12.3 Hydraulic project approval protective requirements—Fresh water
- § 12.4 Fresh water projects requiring hydraulic project approval
- § 12.5 Hydraulic project approval protective requirements—Salt water
- § 12.6 Salt water projects requiring hydraulic project approval
- § 12.7 Examples of projects that do not require a hydraulic project approval
- § 12.8 Hydraulic project approval application process
- § 12.9 Agency flexibility
- § 12.10 Hydraulic project approval permit duration and renewal requirements
- § 12.11 Reasons for denial
- § 12.12 Penalties
- § 12.13 Right of appeal

CHAPTER 13. SOLID WASTE

A. OVERVIEW OF SOLID WASTE MANAGEMENT IN WASHINGTON

- § 13.1 History of solid waste management
- § 13.2 Solid waste handling facilities in Washington
- § 13.3 Role of local governments
- § 13.4 Role of state government
- § 13.5 Solid waste management planning

B. COLLECTION OF SOLID WASTE

- § 13.21 Municipal collection

TABLE OF CONTENTS

- § 13.22 Role of the Washington Utilities and Transportation Commission
- § 13.23 Effect of annexation or incorporation
- § 13.24 Collection of recyclables
- § 13.25 Transportation rate design
- § 13.26 Affiliated interest review

C. MUNICIPAL SOLID WASTE LANDFILLS

- § 13.31 Overview
- § 13.32 Municipal solid waste landfill regulations
- § 13.33 Applicability
- § 13.34 Municipal solid waste permitting and exemptions
- § 13.35 Permit application procedures
- § 13.36 Permit decisions and appeals
- § 13.37 Permit duration, renewals and modifications
- § 13.38 Solid waste management plan conformance
- § 13.39 Siting standards
- § 13.40 Design standards
- § 13.41 Municipal solid waste landfill operations
- § 13.42 Performance monitoring
- § 13.43 Closure and post-closure
- § 13.44 Corrective action

D. OTHER SOLID WASTE HANDLING FACILITIES

- § 13.51 Overview
- § 13.52 The minimum functional standards
- § 13.53 Non-municipal solid waste landfills
- § 13.54 Municipal solid waste ash landfills
- § 13.55 Inert/demolition waste landfills
- § 13.56 Wood waste landfills
- § 13.57 Other limited purpose landfills
- § 13.58 Intermediate solid waste handling facilities
- § 13.59 Transfer stations, baling and compaction systems and drop boxes
- § 13.60 Pile facilities
- § 13.61 Surface impoundment facilities
- § 13.62 Incineration

E. SPECIAL KINDS OF MSW

- § 13.71 Waste tires
- § 13.72 Moderate risk waste
- § 13.73 Used oil
- § 13.74 Biomedical waste

- § 13.75 Vehicle batteries
- § 13.76 Landspreading disposal
- § 13.77 Municipal sewage sludge—Biosolids

F. WASTE REDUCTION AND RECYCLING

- § 13.81 Solid waste management priorities
- § 13.82 Role of local jurisdictions in reduction and recycling
- § 13.83 Waste recycling facility standards
- § 13.84 Market issues

G. OTHER MUNICIPAL SOLID WASTE REGULATORY AUTHORITY AND LIMITS TO SUCH AUTHORITY

- § 13.91 Counties
- § 13.92 Cities
- § 13.93 Flow control
- § 13.94 Solid waste importation

Volume 24

CHAPTER 14. HAZARDOUS WASTE MANAGEMENT

A. OVERVIEW OF DANGEROUS WASTE REGULATION

- § 14.1 Regulatory framework
- § 14.2 Federal law
- § 14.3 State law
- § 14.4 Liability under the Hazardous Waste Management Act

B. IDENTIFICATION OF DANGEROUS WASTES

- § 14.11 Definition of solid wastes
- § 14.12 Recycling
- § 14.13 Designating dangerous wastes
- § 14.14 Listed wastes
- § 14.15 Dangerous waste lists—Discarded chemical products
- § 14.16 —Dangerous waste sources
- § 14.17 Dangerous waste characteristics
- § 14.18 Criteria designation
- § 14.19 Toxicity criteria
- § 14.20 Persistence criteria

TABLE OF CONTENTS

- § 14.21 Excluded categories of waste
- § 14.22 Procedure for exempting or excluding wastes
- § 14.23 Special wastes
- § 14.24 The mixture and derived-from rules
- § 14.25 Sampling and testing methods

C. REQUIREMENTS APPLICABLE TO DANGEROUS WASTES

- § 14.31 Notification and identification numbers
- § 14.32 Quantity exclusion limits and small quantity generators
- § 14.33 Recycled, reclaimed and recovered dangerous wastes
- § 14.34 Land disposal restrictions
- § 14.35 Spills and discharges—Notification
- § 14.36 —Cleanup
- § 14.37 Division, dilution and continuous accumulation of dangerous wastes
- § 14.38 Containers

D. REGULATION OF DANGEROUS WASTE GENERATORS

- § 14.41 Requirements for generators of dangerous wastes
- § 14.42 The manifest
- § 14.43 Accumulating dangerous waste on-site
- § 14.44 Generator recordkeeping and reporting

E. REGULATION OF TRANSPORTERS

- § 14.51 Requirements for transporters
- § 14.52 Discharges during transport

F. REGULATION OF TREATMENT, STORAGE AND DISPOSAL FACILITIES

- § 14.61 Permitting of treatment, storage and disposal facilities—Overview
- § 14.62 Types of dangerous waste management permits
- § 14.63 Interim status permits
- § 14.64 Operational changes to treatment, storage and disposal facilities during interim status
- § 14.65 Final treatment, storage and disposal facility permit

G. OPERATIONAL STANDARDS

- § 14.71 Overview of state operational standards
- § 14.72 General requirements for all treatment, storage and disposal facilities

- § 14.73 Enforcement
- § 14.74 Siting criteria and notice of intent
- § 14.75 Performance standards
- § 14.76 General facility standards
- § 14.77 Interim status facility standards
- § 14.78 Final facility standards
- § 14.79 —Generally applicable standards
- § 14.80 —Particular types of facilities

CHAPTER 15. MODEL TOXICS CONTROL ACT

A. INTRODUCTION

- § 15.1 Introduction
- § 15.2 Applicability
- § 15.3 Relationship of MTCA to CERCLA: an overview

B. HAZARDOUS SUBSTANCE RELEASE REPORTING

- § 15.11 Introduction
- § 15.12 Persons who must report
- § 15.13 Substantive reporting requirements
- § 15.14 Procedural reporting requirements
- § 15.15 Initial investigation requirements
- § 15.16 Site hazard assessments
- § 15.17 Site listing and ranking

C. CLEANUP ACTIONS

- § 15.21 Overview
- § 15.22 Remedial investigation/feasibility study
- § 15.23 Selection of cleanup actions
- § 15.24 Cleanup action plan
- § 15.25 Interim actions
- § 15.26 Independent/voluntary actions

D. CLEANUP STANDARDS

- § 15.31 Overview
- § 15.32 Methods used to establish cleanup levels
- § 15.33 Specific cleanup levels
- § 15.34 Points of compliance

E. PUBLIC PARTICIPATION REQUIREMENT

- § 15.41 Public notice and comment requirements

TABLE OF CONTENTS

- § 15.42 Public participation plans
- § 15.43 Special public participation requirements
- § 15.44 Regional citizens' advisory committees

F. ENFORCEMENT AUTHORITIES AND COST RECOVERY

- § 15.51 Ecology enforcement authorities
- § 15.52 Consent decrees
- § 15.53 Agreed orders
- § 15.54 Enforcement orders
- § 15.55 Prospective purchaser agreements
- § 15.56 Enforcement of orders and decrees
- § 15.57 Recoverable costs
- § 15.58 Private cost recovery
- § 15.59 Other funding: state and local toxic control accounts

G. UNDERGROUND STORAGE TANKS

- § 15.71 Underground storage tanks

CHAPTER 16. UNDERGROUND STORAGE TANKS

- § 16.1 Overview
- § 16.2 Local programs
- § 16.3 Scope of state regulations
- § 16.4 Permits for underground tanks
- § 16.5 Notification, reporting and recordkeeping requirements
- § 16.6 Tank construction and performance standards
- § 16.7 Operational standards, release detection and reporting
- § 16.8 Closure rules
- § 16.9 Financial responsibility requirements
- § 16.10 Enforcement
- § 16.11 Registration and licensing for tank service providers
- § 16.12 Delivery of regulated substances to underground storage tanks

CHAPTER 17. STATE ENVIRONMENTAL POLICY ACT (SEPA)

A. OVERVIEW OF THE STATE ENVIRONMENTAL POLICY ACT

- § 17.1 Purpose
- § 17.2 Relevant authorities

- § 17.3 Summary of SEPA terms, process and participants

B. THE ENVIRONMENTAL REVIEW PROCESS

- § 17.11 Categorical exemptions
- § 17.12 Threshold determination—Overview
- § 17.13 —Environmental checklist
- § 17.14 —Determination of nonsignificance
- § 17.15 —Mitigated determination of nonsignificance
- § 17.16 —Determination of significance
- § 17.17 Scoping
- § 17.18 Timing of environmental review

C. THE ENVIRONMENTAL IMPACT STATEMENT

- § 17.21 General content of the environmental impact statement
- § 17.22 Extent of impact analysis
- § 17.23 Discussion of alternatives
- § 17.24 Using existing environmental documents
- § 17.25 Commenting on the draft environmental impact statement
- § 17.26 Publication of the final environmental impact statement
- § 17.27 The supplemental environmental impact statement

D. COORDINATION OF THE STATE ENVIRONMENTAL POLICY ACT WITH OTHER LAWS

- § 17.31 Overview of the 1995 regulatory reform legislation
- § 17.32 The Growth Management Act
- § 17.33 The Model Toxics Control Act

E. STATE ENVIRONMENTAL POLICY ACT SUBSTANTIVE AUTHORITY

- § 17.41 State Environmental Policy Act substantive authority

F. APPEALS OF STATE ENVIRONMENTAL POLICY ACT DECISIONS

- § 17.51 Overview
- § 17.52 Administrative appeals
- § 17.53 Growth management hearings board review
- § 17.54 Shorelines hearings board review
- § 17.55 Judicial review
- § 17.56 Time limitations
- § 17.57 The Land Use Petition Act
- § 17.58 Standard of judicial review

**CHAPTER 18. GROWTH MANAGEMENT—
PLANNING BY SELECTED COUNTIES AND
CITIES**

**A. OVERVIEW OF THE GROWTH MANAGEMENT
ACT**

- § 18.1 History of the growth management planning in Washington
- § 18.2 Goals of the Growth Management Act
- § 18.3 State, regional and local government roles in planning
- § 18.4 Applicability of Growth Management Act planning requirements
- § 18.5 Overview of the local planning process

**B. PLANNING REQUIREMENTS UNDER THE
GROWTH MANAGEMENT ACT**

- § 18.11 County-wide planning policies
- § 18.12 Designation of natural resource lands
- § 18.13 Designation of critical areas
- § 18.14 Designation of urban growth areas
- § 18.15 New fully contained communities
- § 18.16 Master planned resorts
- § 18.17 Adoption of comprehensive plans—Overview
- § 18.18 Comprehensive plans—General contents
- § 18.19 —Additional subjects
- § 18.20 —Major industrial developments
- § 18.21 Development regulations
- § 18.22 Amendments
- § 18.23 Public participation
- § 18.24 Integration with the Shoreline Management Act

C. LOCAL PROJECT REVIEW

- § 18.31 Overview
- § 18.32 Local project review under the Growth Management Act
- § 18.33 State Environmental Policy Act compliance
- § 18.34 Development agreements

**D. DISPUTE RESOLUTION UNDER THE GROWTH
MANAGEMENT ACT**

- § 18.41 Mediation

- § 18.42 Appeals to growth management hearings boards
- § 18.43 Sanctions for noncompliance
- § 18.44 Project decision appeals under the Land Use Petition Act

E. FUTURE DEVELOPMENTS

- § 18.51 General
- § 18.52 Land use study commission report

CHAPTER 19. FOREST PRACTICES ACT

A. OVERVIEW AND BACKGROUND

- § 19.1 Introduction
- § 19.2 Forest Practices Act Defined Terms

B. SCOPE AND STRUCTURE

- § 19.11 Scope of the Forest Practices Act
- § 19.12 Administrative Structure of the Forest Practices Act

C. PERMITTING UNDER THE FOREST PRACTICES ACT

- § 19.21 Classes of forest practices
- § 19.22 Special considerations in permitting
- § 19.23 Interaction between the State Environmental Policy Act and the Forest Practices Act
- § 19.24 Cumulative effects analysis and the broad nature of department of natural resources review
- § 19.25 Watershed analysis
- § 19.26 Fish and wildlife habitat incentives program
- § 19.27 Alternate plans

D. RELATED AREAS OF FOREST PRACTICES ACT REGULATION

- § 19.31 Requirements governing timber harvest
- § 19.32 Forest roads
- § 19.33 Forest chemicals
- § 19.34 Small forest landowner forestry riparian easement program
- § 19.35 Riparian open space program

E. REFORESTATION

- § 19.41 Obligations, time limits and enforcement

TABLE OF CONTENTS

F. ENFORCEMENT

- § 19.51 Enforcement of the Forest Practices Act and remedies for violations
- § 19.52 Immunity from liability for naturally falling trees

G. APPEALS

- § 19.61 Jurisdiction
- § 19.62 Procedure

CHAPTER 20. THE SHORELINE MANAGEMENT ACT

A. SHORELINE MANAGEMENT IN WASHINGTON

- § 20.1 Overview
- § 20.2 Shoreline Management Act policies
- § 20.3 Shorelines of statewide significance
- § 20.4 Shorelines defined
- § 20.5 Master programs
- § 20.6 Provisions for public involvement

B. SHORELINE DEVELOPMENT

- § 20.11 Consistency requirement
- § 20.12 Substantial development permits
- § 20.13 Permit preparation process
- § 20.14 Permit application review procedures
- § 20.15 Variances and conditional use permits
- § 20.16 Conditional use review criteria
- § 20.17 Review criteria for variance permits
- § 20.18 Nonconforming uses

C. ENVIRONMENTAL REVIEW

- § 20.21 Overview of SEPA
- § 20.22 1995 Amendments

D. APPEALS AND ENFORCEMENT

- § 20.31 Permit appeal procedures
- § 20.32 Shorelines hearing board
- § 20.33 Judicial review
- § 20.34 Enforcement

E. MISCELLANEOUS PROVISIONS

- § 20.41 Oil or gas exploration

- § 20.42 Commercial timber cutting
- § 20.43 Federal shoreline management
- § 20.44 Sexually violent predators

CHAPTER 21. REGULATORY TAKINGS

- § 21.1 Overview
- § 21.2 Relationship between state and federal law of takings
- § 21.3 Summary of Washington's constitutional takings test
- § 21.4 Threshold test
- § 21.5 Application of the threshold test
- § 21.6 Constitutional takings test
- § 21.7 Application of the takings test—Advancement of legitimate state interests
- § 21.8 —Facial challenges to regulatory action
- § 21.9 —As applied challenges to regulatory action
- § 21.10 Substantive due process challenges to regulatory action
- § 21.11 The civil rights remedies for improper regulatory action
- § 21.12 Temporary Regulatory Takings

CHAPTER 22. ENVIRONMENTAL ISSUES IN BUSINESS TRANSACTIONS

A. SOURCES OF LIABILITY—HAZARDOUS WASTE CLEANUP STATUTES

- § 22.1 Overview
- § 22.2 Comprehensive Environmental Response, Compensation and Liability Act
- § 22.3 The Model Toxics Control Act
- § 22.4 Standard of liability under CERCLA and MTCA
- § 22.5 Parties liable

B. ENVIRONMENTAL LIABILITY IN REAL ESTATE TRANSACTIONS

- § 22.11 Overview
- § 22.12 Purchaser liability
- § 22.13 Lessor liability
- § 22.14 Lessee liability
- § 22.15 Lender liability
- § 22.16 Trustee liability
- § 22.17 Franchisor liability
- § 22.18 Seller liability
- § 22.19 Defenses to owner liability

TABLE OF CONTENTS

C. ENVIRONMENTAL LIABILITY IN OTHER BUSINESS TRANSACTIONS

- § 22.31 Overview
- § 22.32 Arranger liability
- § 22.33 Transporter liability
- § 22.34 Mergers, consolidations and sales of stock
- § 22.35 Sales of assets
- § 22.36 Successor liability—Express or implied assumption of liabilities
- § 22.37 —De facto merger
- § 22.38 —Mere continuation/substantial continuity
- § 22.39 Fraudulent transactions

D. ENVIRONMENTAL LIABILITY AND THE CORPORATE FORM

- § 22.51 Overview
- § 22.52 Derivative liability of corporate or individual shareholders
- § 22.53 Direct liability of parents, affiliates, officers, directors and managers

E. ACQUIRING ENVIRONMENTAL INFORMATION

- § 22.61 Environmental due diligence for real estate transactions
- § 22.62 Due diligence and the innocent purchaser defense
- § 22.63 Environmental due diligence for other corporate transactions

F. METHODS OF ALLOCATING RISKS AND COSTS

- § 22.71 Overview
- § 22.72 Minimizing the risk of successor liability
- § 22.73 Avoiding the extension of liability beyond the corporation
- § 22.74 Environmental insurance
- § 22.75 Contractual provisions for risk allocation
- § 22.76 Contractual provisions—Representations and warranties
- § 22.77 Releases
- § 22.78 Indemnification
- § 22.79 Restrictive covenants
- § 22.80 Prospective purchaser agreements

G. ENVIRONMENTAL REPORTING REQUIREMENTS

- § 22.91 Environmental reporting under hazardous waste statutes
- § 22.92 Securities and exchange commission disclosure requirements

H. ENVIRONMENTAL COMPLIANCE PROGRAMS

- § 22.101 The environmental audit

- § 22.102 Risks of environmental auditing
- § 22.103 Environmental protection agency policy
- § 22.104 Washington department of ecology audit policy
- § 22.105 International environmental compliance program standards

I. TAX IMPLICATIONS OF ENVIRONMENTAL LIABILITIES

- § 22.111 Overview
- § 22.112 Nondeductibility of fines and penalties
- § 22.113 Tax treatment of cleanup costs

CHAPTER 23. ENVIRONMENTAL LAW ISSUES RELATING TO BANKRUPTCY

- § 23.1 Introduction

A. TREATMENT OF ENVIRONMENTAL CLAIMS IN THE BANKRUPTCY ESTATE

- § 23.11 Overview
- § 23.12 What constitutes an environmental claim?
- § 23.13 When environmental claims arise
- § 23.14 Disallowance of contingent claims for contribution
- § 23.15 Priority of environmental claims

B. THE EFFECT OF THE DISCHARGE PROVISIONS

- § 23.21 Who may be discharged
- § 23.22 What claims may be discharged

C. EFFECT OF THE AUTOMATIC STAY ON ENVIRONMENTAL LITIGATION

- § 23.31 The automatic stay of actions under the Bankruptcy Code
- § 23.32 When environmental claims are stayed by bankruptcy

D. ABANDONMENT OF CONTAMINATED PROPERTY

- § 23.41 Abandonment—The general rule
- § 23.42 Abandonment of contaminated property

CHAPTER 24. INSURANCE COVERAGE FOR ENVIRONMENTAL LIABILITIES

- § 24.1 Overview

TABLE OF CONTENTS

§ 24.2	Occurrences and the trigger of coverage
§ 24.3	Damages over multiple policy periods, including periods of self-insurance—Insurers' liability
§ 24.4	The distinction between the duty to defend and the duty to indemnify
§ 24.5	The meaning and application of the “expected or intended” clause
§ 24.6	Environmental damage claims—Number of occurrences
§ 24.7	Response costs as damages because of property damage
§ 24.8	Defense costs for administrative proceedings and indemnity for voluntary cleanup costs
§ 24.9	Interpretation of pollution exclusions
§ 24.10	Application of the owned property exclusion
§ 24.11	The known loss doctrine
§ 24.12	Other defenses to coverage
§ 24.13	Recovery of attorney fees and costs of coverage actions
§ 24.14	Insurance coverage for ongoing operations involving hazardous wastes
§ 24.15	Environmental insurance regulations

CHAPTER 25. PRACTICE BEFORE WASHINGTON ENVIRONMENTAL AGENCIES, HEARING BOARDS AND COMMISSIONS

A. INTRODUCTION

§ 25.1	Overview
--------	----------

B. THE ADMINISTRATIVE PROCEDURE ACT

§ 25.11	The Administrative Procedure Act
§ 25.12	Agency under the Administrative Procedure Act
§ 25.13	The rulemaking process—The definition of rule
§ 25.14	Notice of rulemaking
§ 25.15	Public participation in rulemaking process
§ 25.16	The promulgation of a final rule
§ 25.17	The promulgation of an emergency rule
§ 25.18	Other rulemaking requirements
§ 25.19	Adjudicative proceedings
§ 25.20	The definition of adjudicative proceeding
§ 25.21	Types of adjudicative proceedings
§ 25.22	Commencing an adjudicative proceeding
§ 25.23	Pre-hearing procedures
§ 25.24	The hearing

- § 25.25 Post-hearing procedures
- § 25.26 Judicial review
- § 25.27 The petition for review
- § 25.28 The record on review
- § 25.29 Standing
- § 25.30 Exhaustion of administrative remedies
- § 25.31 The standard of review
- § 25.32 Relief from agency action

C. ENVIRONMENTAL HEARING BOARDS

- § 25.41 Environmental hearings boards—Overview
- § 25.42 The environmental hearings office
- § 25.43 The pollution control hearings board
- § 25.44 The shorelines hearings board
- § 25.45 The forest practices appeals board
- § 25.46 The hydraulics appeals board
- § 25.47 Other environmental boards and commissions

D. PRACTICE BEFORE THE POLLUTION CONTROL HEARINGS BOARD

- § 25.51 The pollution control hearings board—Overview
- § 25.52 Membership
- § 25.53 Procedural issues—Jurisdiction
- § 25.54 Qualifications of counsel
- § 25.55 Exhaustion of remedies
- § 25.56 Timing of appeal
- § 25.57 Notice of appeal and response
- § 25.58 Pre-hearing practice
- § 25.59 Stays
- § 25.60 The presiding officer
- § 25.61 Discovery
- § 25.62 The pre-hearing conference
- § 25.63 Hearing practice
- § 25.64 De novo standard of review
- § 25.65 Judicial review
- § 25.66 Legal research tools for the pollution control hearings board

CHAPTER 26. ENVIRONMENTAL CRIMINAL LAW

A. ENVIRONMENTAL CRIMINAL LAW

- § 26.1 Environmental crimes

TABLE OF CONTENTS

- § 26.2 Potential environmental crimes
- § 26.3 Jury instructions

B. CONSTITUTIONAL CHALLENGES TO ENVIRONMENTAL CHARGES

- § 26.11 Administrative searches and the 4th Amendment
- § 26.12 Environmental audit privilege
- § 26.13 Vagueness
- § 26.14 Preemption
- § 26.15 Constitutional right to counsel
- § 26.16 Privilege against self-incrimination

C. DEFENSES TO ENVIRONMENTAL CRIMINAL CHARGES

- § 26.21 Scierter requirements
- § 26.22 Corpus delecti
