Witkin, *Summary of California Law* – New 11th Edition

Dear Summary Subscriber:

The Witkin Legal Institute and Thomson Reuters are pleased to enclose the new 11th edition of Witkin, *Summary of California Law*.

This edition contains volumes 1-18. It completely replaces the 10th edition, which may be recycled or discarded.

As the previous edition of the *Summary of California Law* was published in 2005, we are pleased to release this new edition. In the past 12 years, thousands of appellate decisions have been published, and hundreds of thousands of statutory changes have occurred. For example, extensive changes have been made in the laws governing employment and workers' compensation, partnerships and limited liability companies, property and estate planning.

This new edition is more than a consolidation of the bound volume and the supplement: each topic has been completely rewritten and revised with particular attention to making the material easily accessible through the topical outline for each chapter. Sections are shorter with more subdivisions and illustrative lists. Thousands of references to practice works, forms, jury instructions, annotations, law review articles, and other sources have been added or updated. Two major changes in structure are noteworthy. Coverage of the law governing delinquency and dependency has been moved from Parent and Child to a new chapter called Juvenile Court Law. The chapter formerly called Husband and Wife has been renamed Marriage and extensively revised to reflect the existence of same-sex marriage.

But some things haven't changed. The 11th edition retains the classic features that have made the Witkin Library respected and valued for nearly 90 years – clarity, brevity, accuracy, and thoroughness. It has been prepared by the attorneys and editors of the Witkin Legal Institute using the methods of classification, analysis and expression developed by B.E. Witkin. The new *Summary*, like its predecessor, remains a concise and authoritative statement of California Law.

Thank you for using the Witkin treatises.
