

INTRODUCTION

Starting with the 2023-2024 Edition, we have changed the format of this title to a paperbound edition. This change in format results from customer feedback Thomson Reuters has received regarding the benefits of paperbound over the loose-leaf binder format. Each shipment will now consist of a soft-cover, two-volume set. Each new edition of the publication you receive will be a complete and cumulative set of the new and existing materials. There is no need to retain your binders as all current content has been incorporated.

New features and recent developments in this 2023 edition include:

- Updated discussion of The Decision to Arbitrate in Chapter 3.
- Updated discussion of The Hearing in Chapter 12
- Updated discussion of Post-Award Proceedings and Appeals in Chapter 14.
- Updated discussion of Arbitration and International Disputes in Chapter 19.
