International Contract Manual

2024 Edition
Volumes 4 & 5

Enclosed is the 2024 Edition of International Contract Manual, Volumes 4 & 5. This five-volume set has been converted into a softbound book and we are providing you with all new contents of the treatise. This should greatly improve the reader's experience in terms of filing pages within a limited binder system—allowing the work to easily expand as needed. For the first release, you will receive replacement volumes for Volumes 4 and 5. For the second release, you will receive replacement volumes for Volumes 1 through 3. Though the format of this publication is changing, customers are not being charged more for this format change.

This important work continues to cover key issues in forming contracts with international business partners, ranging from antitrust and anti-bribery issues to export control and more. It discusses the pitfalls involved in international commercial transactions and assists contract managers and lawyers in making correct contract drafting decisions. It focuses on contract law and business law information in all major countries and additional jurisdictions. This work covers the United Nations Convention on Contracts for the International Sale of Goods (CISG), with caselaw analysis and commentary.
