

WHAT'S NEW IN THE 2024-2025 EDITION

This reference book contains forms and commentary for organizing and operating business and nonprofit entities in Colorado. Among the entities covered are corporations, limited liability companies, partnerships and limited partnerships. The set includes a broad range of materials on corporate governance, mergers and acquisitions, shareholder and member rights, and management and employment agreements. The book also contains extensive materials other than those dealing with business and nonprofit entities, such as arbitration and mediation documentation and commentary and various law practice management aids.

This year's revision adds materials on Colorado restrictions on covenants not to compete, an employment agreement sample on a corporate executive, nonprofit cooperative purchasing agreement, consumer protections for Artificial Intelligence and materials on the Data and Artificial Intelligence Ethics Principles.

This marks the 40th year of publication for *Colorado Corporate Forms*.
