

Introduction to the 2025–2026 Edition

This 2025–2026 Edition of *Louisiana Environmental Compliance*, part of the Louisiana Practice Series, is a reference and training manual that is useful to lawyers, or to anyone who has a stake in environmental compliance issues. The book is organized in a precise manner, covering what the general practitioner needs to know to participate in the field of the environmental law and assist clients in dealing with day-to-day environmental issues. It contains many forms, checklists, research aids, and sources of up-to-date information. Since last year’s edition, new material has been added and/or existing material updated on the following subjects:

- Louisiana Department of Environmental Quality (LDEQ);
Department of Energy and Natural Resources (LDENR);
LDEQ Telephone Numbers
- Air—Clean Air Act & The Louisiana Air Control Law
- Hazardous and Solid Waste
- Wetlands
- Coastal Wetlands—Mitigation
- New NEPA Limitations
