

Highlights 2024

This year the entire set has been converted into a softcover pamphlet format, replacing the hard cover set. This new format should greatly improve the reader's experience in terms of filing pages within a limited binder system—allowing the work to easily expand as needed. Though the format is changing, customers are not being charged more for this format change. Subscribers will pay the same overall price that they would have been charged during the course of the year.
