

What's New in this 2024-2025 Edition

New features and recent developments include

- Updated caselaw and FAR citations throughout text
- Expanded discussion of Federal contractor supply chain obligations, including the TikTok prohibition and the rules implementing Federal Acquisition Supply Chain Security Act (“FASCA”) removal orders
- Updated coverage of software license disputes and the ability of subcontractors to bring suit directly against the Federal Government for violating the terms of applicable End User License Agreements
- Updated cyber-security chapter including, among other things, a discussion of Version 2.0 of the Cybersecurity Maturity Model Certification (“CMMC”) program
- Updated discussion of the Department of Justice’s expectations for corporate ethics and compliance programs
- Updated Bid Protest discussion with additional GAO and Court of Federal Claims caselaw
