

Introduction to 2025-2 Edition

This 2025-2 Edition of *Information Law* includes updated coverage throughout the treatise of recent case law, legislative and regulatory actions. The new 2025-2 Edition includes:

- A comprehensive revision of Chapter 5, covering confidential information in the context of Trade Secret Law;
- Updated analysis and comparison of the elements of trade secrets under The Restatement (Third) of Unfair Competition, the Uniform Trade Secrets Act and the Defend Trade Secrets Act;
- Updated case law on determining the independent economic value of trade secrets;
- Updates to court rulings, statutes, regulations and other relevant guidance throughout.
