5. Code of Federal Regulations updates through Feb. 2, 2026.	Customers will have the latest version of amended regulations, including the changes made through Feb. 2, 2026.	These updated sections are commonly used Schedules for controlled substances—Schedules I, II, IV and V.

3. Please write a few questions that pertain to the information found in the new edition or update. Also, indicate where in the new edition or update you can find that information.

a. What is the human trafficking defense? See newly enacted 18 U.S.C.A. § 28 which allows a defendant to establish duress by demonstrating that defendant was a victim of trafficking.

- b. Have any new crimes been enacted? See newly enacted 18 U.S.C.A. § 798B, which makes it unlawful to knowingly access intelligence community property with the intent to gather information to the detriment of the United States.
4. What should be stressed about the title in an attempt to sell the product or retain the subscription?

This product is a valuable resource because it contains the most up-to-date rules and statutes applicable to federal criminal proceedings in a single volume. Many practitioners are interested in having the most up-to-date edition of the book regardless of the volume of changes from edition to edition.
