- Burden of Proof, 24, 129, 130, 153, 198, 134, 146**
- But for* test, (see Causation)**
- Causation,**
 - Factual causation, 111, 123-157, 214
 - Alternate liability, 146
 - Burden of proof, (see Burden of Proof)
 - But for* test, 128, 129, 130-132, 151, 152
 - Conspiracy, 147
 - Clements v. Clements*, 127, 258, 137-140
 - Cook v. Lewis*, 146
 - Crumbling skull plaintiff, 145, 146
 - Enterprise liability, 147, 148
 - Generic/general causation, 124
 - Independently sufficient causes, 145
 - Legislative reform, 155

- Market share liability, 148-151
- Material contribution to injury, 143-145
- Material contribution to risk, 132-140
- Reverse onus, 129, 130, 153
- Risk-based liability, 140-143, 153-155
- Scientific uncertainty, 124-127
- Snell v. Farrell*, 130, 131
- Specific causation, 124
- Standard of proof, 127, 128
- Thin-skulled plaintiff, 145, 146
- Use of experts/Role of science, 151, 152
- Legal causation, (see Negligence)

Chemical spraying, 70, 89, 90, 127, 196, 235

Chemical violence, 85-97

Charter of Rights and Freedoms, 218

Class Actions,

- Certification test, 233-235
 - Cause of action, 240-244
 - Common issues, 250-260
 - Identifiable class, 244-249
 - Litigation plan, 264, 265
 - Preferable procedure, 260-264
 - Representative plaintiff, 264, 265
- Definition, 232
- Purposes, 235-239
- Remedies, 265, 266
- Social context, 231

Clements v. Clements, 127, 258, 137-140

Climate Change litigation, 267-294

- California v. GM*, 273
- Comer v. Murphy Oil*, 273
- Connecticut v. American Electric Power*, 272
- Climate change nuisance claims, 283-286
- Climate change negligence claims, 287-290
- Climate change trespass claims, 286, 287
- Other climate tort claims, 291, 292
- Overview of existing climate tort cases, 272

Justiciability, 275
Purposes of tort-based climate litigation, 269, 271, 272
Remedies in climate tort litigation, 292, 293
Standing, 278-281
Statutory climate torts, 290, 291

Compensatory Damages, (see Damages)

Contamination, (see Pollution)

Conversion, 81

Crumbling Skull, 145, 146

Damages, 179-191

Compensatory damages,
 Diminution in market value, 185-188
 Ecological damages, 190, 191
 Medical monitoring, 181-185
 Personal injury, 179-185
 Property damage, 185-191
 Remediation damages, 188-190
 Stigma damages, 186-188
Disgorgement damages, 156, 200-202
Nominal damages, 178, 179
Punitive damages, 191-193

Defences, 159-176, 215-218

Act of God or a third party, 175, 176
Consent, 171, 172
Contributory negligence, 165-168
Limitations Acts, 172-174
Necessity, 174, 175
 Private necessity, 174
 Public necessity, 175
Policy considerations, 159, 160
Statutory authority, 161-165
 in nuisance, 163, 164
 in *Rylands v. Fletcher*, 164, 165
Statutory immunity, 160, 161, 219
Voluntary assumption of risk, 168-170

***Donoghue v. Stevenson*, 45-47**

Duty of Care, (see Negligence)

Emotional Distress, (see Intentional infliction of nervous shock; negligent infliction of nervous shock)

Environmental governance, 298-300

Environmental justice, 303, 304

Intergenerational equity, 304

Precautionary principle, 302, 303

Right to environment, 300-302

Sustainable development, 304, 305

Epidemiology, (see Science)

Expert Evidence, 6, 25, 32, 33-37

Admissibility of evidence, 33-37

Fear of Future Illness, 112-117, 154

Genetically Modified Organisms, 71, 242

Governmental toxic torts, 205-230

Causation, 214

Constitutional toxic torts, 218, 219

Defences, 215-218

Parrens patriae doctrine, 219-222

Proximity, 206-212

Policy-operational distinction, 212, 213

Standard of care for governments, 213, 214

Statutory immunity, 219

Statutory torts, 222-230

Tobacco cost recovery statutes, 222-230

History of toxic torts, 39-50

Early toxic torts scholarship, 47-49

History of environmental torts, 39-44

History of products liability, 45-47

Informed Consent (medical treatment), 87

Injunctions,

Interlocutory injunctions, 194-198

Permanent injunctions, 200

Intention,

- Imputed intent, 73, 81, 84
- Transferred intent, 83, 81, 84

Intentional Torts,

- Assault, (see Assault)
- Battery, (see battery)
- Intentional infliction of nervous shock, (see Intentional Infliction of Nervous Shock)
- Trespass to land, (see Trespass to land)

Intentional Infliction of Nervous Shock, 97, 98**Involuntary experimentation, 87-90****Joint and Several Liability, 151****Joint Tortfeasors, 147****Legal Causation, (see Remoteness)****Market Share Liability, 148-151****Material Contribution to Risk, (see Causation)****Medical Monitoring, 118-120, 181-185****Negligence, 101-121**

- Actual loss (damage), 117-120
 - Medical monitoring, 118-120, 181-185
 - Psychiatric harm, 118
 - Risk exposure, 117, 118, 120
- Duty of care, 102, 103

 - Foreseeability generally, 101, 102
- Legal causation/remoteness, 111-117
 - Thin-skulled plaintiff rule, 145, 146
- Standard of care, 103-111
 - for manufacturers, 104-109
 - for emitters, 109, 110
 - historical wrongs, 110, 111

Negligent Infliction of Nervous Shock, 112-117

- Mustapha v. Culligan*, 113-115
- Ordinary fortitude test, 114, 115
- Secondary victims, 116, 117

Nervous Shock, (see Intentional infliction of nervous shock; Negligent infliction of nervous shock)

Nominal Damages, (see Damages)

Nuisance,

Private Nuisance, 56-70

Amenity nuisance, 61-64

Antrim Truck Centre v. Ontario, 59-61

Character of the locale, 62

Definition, 56, 57

Examples of environmental nuisances, 64

Material chemical damage, 67-69

Material physical damage, 64-67

Role, 58, 59

Sensitivity of plaintiff's use, 63

Severity of harm, 61, 62

Scientific uncertainty in nuisance, 68, 69

Utility of defendant's conduct, 62

Public Nuisance, 52-56

Defined, 52, 53

Role, 52, 53

Special injury requirement, 53-46

Occupational exposures, 44, 92-93

Pharmaceuticals, 22, 32, 91, 104, 252, 262, 263, 265

Polluter Pays principle, 44, 191, 203, 302

Pollution, 3, 6, 41, 52, 58, 64, 67, 72-75, 80, 87, 93-96, 109, 110, 199, 121, 202, 212, 236, 238, 247, 248, 252, 261, 262, 284, 297, 299, 300-302

Precautionary principle, 120, 190, 197, 198, 203, 302, 303

Private Nuisance, (see Nuisance)

Product Liability, 104-109

Design defects, 107, 108

Failure to warn, 108, 109, 168

Strict liability, 104-106

Manufacturing defects, 105, 106

Profit à Prendre, 80, 81

Property Damage, (see Damages)

Proximate Cause, (see Remoteness)

Proximity, (see Causation)

Psychiatric Injury, (see Intentional infliction of nervous shock; Negligent infliction of nervous shock)

Public Nuisance, (see Nuisance)

Punitive Damages, (see Damages)

Purposes of toxic tort law, 1-3, 8, 295-297

Remedies, 177-203

Compensatory, nominal, punitive damages, (see Damages)

Deterrence effect, 177

General principles, 177

Injunctive relief, (see Injunctions)

Medical monitoring, 181-185

Waiver of Tort, 200-202

Remoteness, (see Negligence)

Riparian Rights, 79, 80

Risk Perception, 95, 96

***Rylands v. Fletcher*, 74-79**

Escape, 75

Chronic releases, 74

Non-natural use, 74, 75, 77, 78

Relationship with other torts, 76-78

Science, 5, 6, 9-37

Environmental fate and transport, 16, 17

Epidemiology, 11, 12

Medicine, 15

Pharmacology, 16

Toxicology, 13-15
