Nimmer's Commercial Asset-Based Financing

Enclosed is the 2025-2026 edition of *Nimmer's Commercial Asset-Based Financing*. These three softbound volumes replace the 2023 supplement, issued February 2023, **as well as the binder set**. This should greatly improve the reader's experience, eliminating filing work and allowing the publication to expand as needed. Going forward, this publication will ship to you annually in softbound format.

Though the format is changing, customers are not being charged more for this format change. Subscribers will pay the same overall price that they would have been charged during the course of the year.

Please note that, for ease of handling, the materials in this shipment may ship in more than one box.
