Preface.....	iii
Disclaimer.....	v
About the Authors.....	vii
Chapter 1 — Overview of Business Valuations.....	1
Introduction.....	1
Valuation Terms	1
Fair Market Value	2
Special Interest Purchasers	3
Cash Equivalent Basis.....	4
Reasonable Knowledge and Hindsight	4
Fair Value.....	7
Value to Owner.....	8
Valuation Fundamentals	9
Primary Approach to Value	9
Cash Flow-Based Valuation Methodologies	10
Prospective Cash Flow.....	10
Rates of Return	12
Basic Cash Flow-based Valuation Methodology.....	12
Enterprise Value vs. Equity Value	14
Intrinsic Value vs. Strategic Value.....	16
Components of Equity Value	17
Adjusted Net Book Value	17
Intangible Value.....	18
Forms of Goodwill	19
Commercial Goodwill	19
Individual Goodwill	20
Personal Goodwill.....	20
Controlling vs. Minority Interests	21
Summary	23
Chapter 2 — Valuation Reports and Standards.....	25
Introduction.....	25
Overview of CICBV Standards.....	25
Independent Valuation Reports — 100 Series.....	27
What is a Valuation Report?.....	27
Calculation of Value	28
Estimate of Value	28
Comprehensive Report.....	28
What is Not a Valuation Report?.....	29

Table of Contents

Typical Contents of Valuation Reports	29
Minimum Report Contents — Standard 110	29
Additional Minimum Report Contents — Appendix A to Standard 110.....	31
Independent Expert Reports — 300 Series.....	32
Minimum Report Contents — Standard 310	33
Limited Critique Reports — 400 Series	34
Minimum Report Contents — Standard 410	35
Scope of Work Standards — the “20s”	36
General Standards.....	36
Specific Standards	37
File Documentation Standards — the “30s”	38
General Standards.....	38
Specific Standards	38
Common Deficiencies in Valuation Reports	39
Inadequate Experience or Lack of Valuation Credentials	39
Use of the Wrong Valuation Definition or Valuation Date	40
Assumptions	40
Overreliance on the Client or Legal Counsel in Preparing the Value Conclusions.....	41
Inadequate Scope of Review/File Documentation and Analysis....	42
Missing Scope of Review Limitations.....	44
Lack of Reconciling Various Valuation Methods and Approaches Used.....	44
Summary	44
Chapter 3 — Business and Financial Analysis	47
Introduction.....	47
The Non-financial/Qualitative Information Base	48
Scope and Breadth of Analysis.....	48
Understanding the Business.....	49
Understanding the Industry	50
Economic Conditions.....	51
Availability and Reliability of Information.....	51
The Financial/Quantitative Information Base.....	52
Analysis of Historical Income Statements and Operating Results	54
Vertical or Common-size Analysis.....	56
Horizontal or Trend Analysis.....	60
Ratio or Proportion Analysis	63
Analysis of Individual Financial Statement Accounts	65
Revenue Analysis.....	65
Cost of Sales Analysis.....	67
Gross Margin/Profit Analysis.....	67

Table of Contents

Operating Expense Analysis	67
Other Income and Expense Analysis	68
Related Party Transactions	69
Analysis of Historical Balance Sheets	70
Working Capital	70
Capital Assets and Other Long-Term Assets	73
Other Long-Term Liabilities.....	74
Redundant Assets	74
Analysis of Statements of Cash Flows.....	75
Measures of Cash Flow.....	76
Analysis of Budgets and Projections.....	76
Limitations of Financial Analysis.....	79
Common Deficiencies in Collection, Review and Analysis of Relevant Information.....	80
Inadequate Consideration of Relevant Economic and Industry Factors	80
Unreliable Financial and Other Information	81
Inadequate Market Research or Verification of Client- Provided Information.....	82
Inadequate Due Diligence/Scrutiny of Projections Provided by the Client	83
Inadequate Analysis of Historical Operating Results	83
Ignoring the Importance of the Balance Sheet	84
Inadequate Research or Disclosure of Support for Critical Judgments.....	84
Ignoring Actual Transactions or Relevant Value Metrics	85
Overreliance on Comparable or Somewhat Comparable Company Metrics	85
Summary	86
Chapter 4 — Valuation Methodologies Based on Assets	87
Introduction.....	87
Liquidation Value	88
Approaches to Determining Liquidation Value	88
Liquidation Value Methodology.....	89
Overview.....	89
The Valuation of Assets.....	91
The Valuation of Liabilities.....	92
Liquidation Costs	92
Income Taxes.....	93
Liquidation Value Example.....	94
Solution	96
Adjusted Net Book Value Methodology.....	98
Mechanics of the Adjusted Net Book Value Methodology	99

Table of Contents

Tangible Assets	101
Intangible Assets	103
Liabilities	105
Future Income Taxes and Tax Pools	105
Other Tax Pools	106
Holding Companies	107
Adjusted Net Book Value Methodology Example	108
Common Deficiencies in the Adjusted Net Book Value Methodology	114
Summary	115
Chapter 5 — Valuation Methodologies Based on Multiples.....	117
Introduction.....	117
Mechanics of the Multiple of EBITDA Methodology.....	118
Calculating Normalized Maintainable EBITDA	118
Selecting Normalized Maintainable EBITDA	121
Determining an Appropriate EBITDA Multiple	122
Public Equity Market Comparables.....	124
Industry Transactions	125
Company-specific Risk Factors	126
Interest-Bearing Debt and Debt-like Obligations	128
Working Capital Adjustments	129
Redundant Assets	130
Prospective One-Time Items	130
Contingent Liabilities	131
Example of the Multiple of EBITDA Methodology	131
Solution	133
Adjustment for Real Estate	135
Assessing Goodwill	137
Limitations of the Multiple of EBITDA Methodology	138
Other Methodologies Based on Valuation Multiples.....	138
Multiple of Revenue Methodology	139
Multiple of EBIT and Multiple of EBITDA Less Capex Methodologies	139
Multiple of After-tax Earnings Methodology	140
Reconciling Various Methodologies	141
Rules of Thumb	142
Summary	142
Chapter 6 — Valuation Methodologies Based on Discretionary	
Cash Flows	145
Introduction.....	145
The Capitalized Cash Flow Methodology.....	146
Maintainable Discretionary Cash Flow	147
Normalized Maintainable EBITDA.....	148

Table of Contents

Income Taxes.....	148
Sustaining Capital Reinvestment	149
Incremental Net Trade Working Capital	151
Capitalization Rates.....	152
Determining Enterprise Value	152
Determining Equity Value.....	153
Example of the Capitalized Cash Flow Methodology	153
Common Deficiencies in the Application of the Capitalized Cash Flow Methodology.....	156
Assets vs. Shares	157
The Discounted Cash Flow Methodology	160
Analyzing Forecasts	160
Forecast Discretionary Cash Flows	162
Forecast EBITDA.....	163
Income Taxes.....	163
Capital Expenditures, Net of the CCA Tax Shield.....	164
Incremental Net Trade Working Capital Requirements	165
Terminal Value	165
Maintainable Discretionary Cash Flow in the Terminal Value Period	166
Capitalization Rate	168
The Discount Rate.....	169
Determining Enterprise Value and Equity Value	170
Example of the Discounted Cash Flow Methodology	171
Common Deficiencies in the Application of the Discounted Cash Flow Methodology.....	173
Summary	174
Chapter 7 — Rates of Return	177
Introduction.....	177
Discount Rates, Capitalization Rates and Valuation Multiples.....	178
Discount rates vs. Capitalization Rates	178
Capitalization Rates vs. Valuation Multiples	178
Principles of Rate of Return Determination	180
Discount Rate Determination	182
Weighted Average Cost of Capital	182
The Cost of Debt.....	182
The Debt-to-Equity Ratio	183
The Cost of Equity	186
Build-up Methodology	186
Industry-specific Risk Factors	187
Company-specific Risk Factors	188
Other Adjustments.....	190
Financial Risk.....	190

Table of Contents

The Capital Asset Pricing Model (CAPM)	191
Capitalization Rate Determination	193
Inflation Adjustment	193
Real Growth	194
Terminal Value Risk Adjustment	195
Common Deficiencies in Rate of Return Determination	195
Summary	197
Chapter 8 — Minority Discounts.....	199
Introduction.....	199
Controlling vs. Minority Interests	200
Controlling Interests	200
Minority Interests	201
Group Control.....	201
The Canada Revenue Agency and Control.....	202
Discounts and Premiums.....	203
Discounts for Non-Control and Illiquidity	203
Published Studies on Discounts.....	204
Premium for Control	205
Factors to Consider When Quantifying Minority Discounts	205
The Basis of <i>En Bloc</i> Value Determination.....	207
Shareholders' Agreements	207
Buy-sell Provisions.....	208
Right of First Refusal or First Offer	209
Drag-along and Tag-along Provisions	210
Restrictions on Share Transfer	210
Participation in a Subsequent Sale	210
Characteristics of the Shares	211
The Existence of an Organized Market	212
Previous Transactions Involving Minority Shareholders	213
Level of Interest Among Outside Investors.....	213
Absolute and Relative Percentage Interest.....	214
Shareholder Relationships.....	216
Level of Shareholder Involvement	217
The Likelihood of an <i>En Bloc</i> Sale or Initial Public Offering.....	218
Corporate Legislation and Shareholder Remedies.....	218
Business Corporation Legislation	218
Valuation Pursuant to a Dissent Remedy.....	220
Oppression Remedy	221
Dividend Distributions.....	222
Nuisance Value	223
Common Issues with Minority Discounts.....	223
Summary	224

Table of Contents

Appendix A.....	227
