

Index

Action Plan (G7 Critical Minerals Action Plan)

Canada's role, 1
Diversification of supply, 1
Standards-based markets, 1

Administrative law

Jurisdiction of regulatory bodies, 105-107

Arctic and Northern Policy Framework

Definition and scope, 15
Indigenous partnerships, 19
Strategic challenges, 18
Climate change impacts, 18

Atlantic offshore wind energy

Development potential, 92
Legislative changes, 92
Barriers to development, 94
Transmission and export, 99

BC (British Columbia) Critical Minerals Strategy

Expedited permitting, 3
Critical Minerals Project Advancement Office, 7
Indigenous participation and UNDRIP alignment, 7
Critical Minerals Advisory Committee, 7, 8
Geoscience and Data Initiative, 13

BC Infrastructure Projects Act

Streamlining permitting, 9
Category 1 and 2 projects, 10
Expedited environmental assessments, 10

BC Mineral Tenure Act

Modernization and reforms, 8
Consultation Framework, 8
Gitxaala v. British Columbia (Chief Gold Commissioner), 8
Consultation with Indigenous communities, 9

Building Canada Act (Bill C-5)

National Interest Project designation, 34
Deemed approvals, 36
Streamlining environmental assessment, 45
Consultation with Indigenous peoples, 52
Sunset and review provisions, 66

Canada Critical Minerals Strategy

Federal initiatives, 20
Northern and Arctic focus, 19
Investment requirements, 6
Priority minerals, 5

Canadian mining sector

Environmental issues, 2
Mine closure and reclamation, 2
Tailings management, 2
Biodiversity impacts, 2

Canadian Nuclear Safety Commission (CNSC)

Application of UNDRIP and UNDA, 104
Consultation process, 105

Clean Power Action Plan (BC)

Second Call for Power, 76
First Nations equity requirements, 77

Climate change litigation

Canadian trends, 113
Human rights-based claims, 114
Causation and justiciability, 128
“Drop in the ocean” argument, 129

Consultation (Indigenous and public)

Duty to consult, 34, 38, 42, 52
FPIC (Free, Prior and Informed Consent), 107
Procedural rights, 106
Under new legislation, 50

Critical minerals

Definition in Canada, 4
Canadian reserves and production, 5
Global market concentration, 4

Critical minerals — *continued*

Supply chain risks, 1, 4
Use in technology, 3
Commodity price volatility, 1, 4
Export controls, 4
Supply chain disruptions, 4
List of Canadian critical minerals, 3
Provincial and territorial strategies (Yukon, NWT, Nunavut, MB, QC, NL), 20-24

De Conto v. Italy and 32 other States

Climate change litigation, 116

Duty to consult (s. 35, Constitution Act)

Streamlining laws and impact, 34, 42
Requirements under new legislation, 50
UNDRIP and FPIC implications, 104, 107

Engels v. Germany

Climate change litigation, 102

Environmental assessment

Impact of new streamlining laws, 35, 44
Loss of planning phase, 44
Privative clauses and legal immunity, 41
Judicial review risks, 88
Implementation under new regimes, 37, 83, 92

Environmental class actions

General, 77
Attribution science, 78
Justiciability, 80
Non-class actions, 80
Key Canadian and international cases, 81-82
Milieudefensie et al. v. Royal Dutch Shell plc, 82
Urgenda Foundation v. The State of the Netherlands, 78, 89
Sierra Club of British Columbia Foundation v. British Columbia, 80

Export controls (critical minerals)

Global restrictions, 4

First Nations participation

Ownership in clean energy projects, 76

First Nations participation — *continued*

Consultation and consent in permitting, 81, 85
Legal challenges to new legislation, 68

Five-Point Plan for Critical Minerals Security (G7)

Overview, 1

Free, Prior and Informed Consent (FPIC)

Federal Court application, 107
Not a veto, 107
Enhanced procedural rights, 106

Greenland Mineral Resources Strategy

Critical minerals focus, 25
Procedural changes under new laws, 45

Indigenous Loan Guarantee Program (ILGP)

Federal initiative, 76
First Nations ownership in pipelines, 78

Indigenous rights and consultation

Duty to consult, 33, 42, 52
UNDRIP and implementation, 104-110
FPIC, 104, 107
Legal challenges, 69, 72

Infrastructure permitting (Canada, ON, BC)

Streamlined processes, 9, 34, 60
Special Economic Zones (Ontario), 39, 60
Legal immunity for decision-makers, 40, 41
Judicial review carve-outs, 41

International Law

Comparison to Canada, 96
Causality, 97
Justiciability, 97
Climate change litigation, 89-102

Justiciability

Climate litigation, 127

Kebaowek First Nation v. Canadian Nuclear Laboratories

UNDRIP and administrative law, 103-110

La Rose v. Canada

Climate change litigation, 127

Manitoba Critical Minerals Strategy

Port of Churchill, 23

Single-desk Critical Mineral Office, 23

Mathur v. Ontario

Climate change litigation, 127

Milieudefensie et al. v. Royal Dutch Shell plc

Private-law climate action, 124

Mineral Tenure Act (BC)

Modernization, 8

Consultation reforms, 8

Misdzi Yikh v. Canada

Climate change litigation, 96, 99, 126

Müllner v. Austria

Climate change litigation, 101

Newfoundland and Labrador Critical Minerals Strategy

Northern mining, 23

Non-class actions (environmental)

Climate change, 80

Norwegian Grandparents' Climate Campaign and Others v. Norway

Climate change litigation, 101

Offshore renewable energy (Atlantic Canada)

Legislative changes, 91

CNSOER and C-NLOER, 92

Barriers and opportunities, 94

Transmission and infrastructure, 99

Ontario Bill 5 (Protect Ontario by Unleashing our Economy Act, 2025)

Special Economic Zones, 39, 61

Species Conservation Act, 61

Legal challenges, 69

Paris Agreement

Climate change litigation, 124

Permitting processes (streamlining)

Expedited approvals, 9, 34, 44, 60

Impacts on consultation, 42, 50

Policy Initiatives

G7 Action Plan, 1

Public-private partnerships, 1

Provincial critical minerals strategies

Yukon, 21

Northwest Territories, 21

Manitoba, 23

Quebec, 23

Newfoundland and Labrador, 24

Quebec Plan for the Development of Critical and Strategic Minerals

Northern mining, 24

**REPA (Renewable Energy Projects (Streamlined Permitting) Act, BC),
79-80**

Regulatory certainty

Streamlining laws and investment, 84

Judicial review risks, 87

Russia Arctic Policy

Critical mineral, 30

Sierra Club of British Columbia Foundation v. British Columbia

Climate class action, 80

Special Economic Zones (Ontario)

Legal immunity, 40, 41

Trusted proponents and designated projects, 39, 60

Streamlining laws and permitting

Building Canada Act, 33-44

Ontario Bill 5, 39-60

BC Infrastructure Projects Act, 9-10

REPA, 79

Streamlining laws and permitting — *continued*

Judicial review carve-outs, 41

Legal immunity, 40, 41

Supply chain risks (critical minerals)

Global concentration, 4

Export restrictions, 4

Disruptions, 1, 4

UN Declaration on the Rights of Indigenous Peoples (UNDRIP)

Application to administrative decision-making, 104

FPIC standard, 106

Implementation in federal and provincial law, 104-109

United States Arctic policy

Critical minerals and permitting, 30

Urgenda Foundation v. The State of the Netherlands

Climate change litigation, 78, 89, 123, 129

Uricchio v. Italy and 31 other States

Climate change litigation, 116

Verein KlimaSeniorinnen Schweiz and Others v. Switzerland

Causality, 94

History, 90

Reasoning, 91

Process, 92

Substance, 91

Yukon mineral development

Critical minerals exploration, 21
