PART ONE THE HOSPITAL AND MEDICAL SPECIALTIES

CHAPTER 1. THE HOSPITAL

I. GENERAL

§ 1:0 Historical perspective
§ 1:1 Hospital purposes and functions
§ 1:2 Organization of hospital
§ 1:3 Types of hospitals
§ 1:4 Standard of care
§ 1:5 Hill-Burton Act
§ 1:6 Hospital licensure
§ 1:7 Health system agency (HSA) certification
§ 1:8 Articles of incorporation and hospital bylaws
§ 1:9 Accreditation
§ 1:10 Rules and regulations
§ 1:11 Hospital-related litigation
§ 1:12 —Hospital labor relations
§ 1:13 Patient rights
§ 1:14 *[Reserved]*

II. HOSPITAL ORGANIZATION

§ 1:15 Overview

A. MANAGEMENT AND PERSONNEL

§ 1:16 Governing board
§ 1:17 Administrator or director
§ 1:18 Attending medical staff
§ 1:19 —Judicial oversight of hospital-staff relationship
§ 1:20 —Medical staff bylaws
§ 1:21 —Standing committees
§ 1:22 — —Medical executive committee
§ 1:23 — —Credentials committee
§ 1:24 — —Joint conference committee
§ 1:25 — —Tissue committee
§ 1:26 — —Medical records and audit committee
§ 1:27 — —Pharmacy committee

§ 1:28 — —Infection control committee
§ 1:29 — —Continuing medical education committee
§ 1:30 — —Utilization review committee
§ 1:31 — —Morbidity and mortality committee
§ 1:32 —Special committees
§ 1:33 House staff (fellows, residents, interns and externs)
§§ 1:34 to 1:39 *[Reserved]*

B. HOSPITAL DEPARTMENTS

§ 1:40 Clinical departments
§ 1:41 —Medicine
§ 1:42 —Surgery
§ 1:43 —Pediatrics
§ 1:44 —Obstetrics and gynecology
§ 1:45 —Psychiatry and neurology
§ 1:46 —Family practice
§ 1:47 Emergency department/service
§ 1:48 —Classifications—Levels
§ 1:49 COBRA
§ 1:50 Outpatient department
§ 1:51 Intensive care unit
§ 1:52 Diagnostic and therapeutic departments
§ 1:53 —Anesthesia
§ 1:54 —Electrocardiography (EKG, ECG)
§ 1:55 —Electroencephalography (EEG)
§ 1:56 —Nuclear medicine
§ 1:57 —Pathology
§ 1:58 —Pharmacy
§ 1:59 —Physical therapy
§ 1:60 —Radiology
§ 1:61 —Respiratory care
§ 1:62 Department of nursing
§ 1:63 Administrative and service departments
§ 1:64 —Admissions
§ 1:65 —Business
§ 1:66 —Dietetics
§ 1:67 —Medical records
§ 1:68 —Medical social services
§ 1:69 Other service departments

III. RELATED ARTICLES

§ 1:70 Miscellaneous
§ 1:71 Cost containment and DRGs
§ 1:72 Life support and intensive care
§ 1:73 Emergency departments

CHAPTER 2. MEDICAL SPECIALISTS AND OTHER HEALTH CARE PERSONNEL

I. INTRODUCTION

§ 2:1 Scope
§§ 2:2 to 2:4 *[Reserved]*

II. MEDICAL

A. DOCTORS OF MEDICINE

1. Training and Certification

§ 2:5 Board certification
§ 2:6 Fellows
§ 2:7 Licensure
§§ 2:8 to 2:9 *[Reserved]*

2. Medical Specialists

§ 2:10 Dermatologists
§ 2:11 Emergency medicine physicians
§ 2:12 Family practitioners
§ 2:13 Geriatric physicians
§ 2:14 Internists
§ 2:15 —Internal medicine subspecialists
§ 2:16 Nuclear medicine physicians
§ 2:17 Obstetricians and gynecologists
§ 2:18 Pathologists and their subspecialties
§ 2:19 Pediatricians and their subspecialties
§ 2:20 Physiatrists (physical medicine and rehabilitation physicians)
§ 2:21 Preventive medicine physicians and their subspecialties
§ 2:22 Psychiatrists and neurologists and their subspecialties
§ 2:23 Radiologists and their subspecialties
§ 2:24 Surgeons; general surgeons
§ 2:25 Surgeons; surgical specialists
§ 2:26 —Anesthesiologists
§ 2:27 —Cardiovascular surgeons
§ 2:28 —Colon and rectal surgeons
§ 2:29 —Neurosurgeons
§ 2:30 —Ophthalmologists
§ 2:31 —Orthopaedic surgeons
§ 2:32 — —Hand surgeons
§ 2:33 —Otolaryngologists
§ 2:34 —Pediatric surgeons
§ 2:35 —Plastic surgeons

§ 2:36 —Thoracic surgeons
§ 2:37 —Urologists
§ 2:38 —Vascular surgeons
§ 2:39 *[Reserved]*

B. OTHER PHYSICIANS, HEALERS AND RELATED HEALTH CARE PERSONNEL

§ 2:40 Generally
§ 2:41 Chiropractors
§ 2:42 Christian Science practitioners
§ 2:43 Dentists and their subspecialties
§ 2:44 Homeopaths
§ 2:45 Naprapaths
§ 2:46 Optometrists
§ 2:47 Osteopaths
§ 2:48 Podiatrists
§ 2:49 Dieticians
§ 2:50 Health care technicians
§ 2:51 —Medical technologists
§ 2:52 —Respiratory therapists
§ 2:53 —X-ray technologists
§ 2:54 —Registered nurses
§ 2:55 —Licensed practical nurses
§ 2:56 —Nurse aides
§ 2:57 Occupational and physical therapists
§ 2:58 Paramedics and emergency medical technicians
§ 2:59 Pharmacists
§ 2:60 Pharmacologists
§ 2:61 Physician assistants
§ 2:62 Psychologists
§ 2:63 —Clinical psychologists
§ 2:64 —Counseling psychologists
§ 2:65 —Developmental psychologists
§ 2:66 —Educational psychologists
§ 2:67 —Engineering psychologists (job analysts)
§ 2:68 —Experimental psychologists (comparative and physiological psychologists)
§ 2:69 —Industrial-organizational psychologists
§ 2:70 —Psychometrists
§ 2:71 —School psychologists
§ 2:72 —Social psychologists
§§ 2:73 to 2:99 *[Reserved]*

III. RELATED ARTICLES

§ 2:100 Doctors of medicine
§ 2:101 —Specific specialities

§ 2:102 —Impaired physicians and discipline of doctors
§ 2:103 —Physicians and AIDS
§ 2:104 Other health care personnel
§ 2:105 —Nurses
§ 2:106 Medical practice

PART TWO MEDICAL EVIDENCE

CHAPTER 3. MEDICAL RECORDS

I. GENERAL

§ 3:1 Scope
§ 3:2 Purpose and importance of medical records
§ 3:3 Evaluation of records
§ 3:4 Computerized record keeping
§§ 3:5 to 3:9 *[Reserved]*

II. HOSPITAL RECORDS

§ 3:10 Locating records
§ 3:11 Hospital staff review of records
§ 3:12 Medical abbreviations in records
§ 3:13 Contents and form of records—"The chart" in general
§ 3:14 —Record of admission (face sheet)
§ 3:15 —Emergency room record
§ 3:16 —History and physical examination; doctor's admitting note
§ 3:17 —Doctor's orders
§ 3:18 —Laboratory data
§ 3:19 —Special treatment reports
§ 3:20 —Progress notes
§ 3:21 —Problem-oriented medical record (POMR)
§ 3:22 —Nurse's admitting notes
§ 3:23 —Nurse's progress notes
§ 3:24 —Consultant's reports
§ 3:25 —Discharge summary
§ 3:26 —Ancillary parts of chart
§ 3:27 —Proper preparation of records
§ 3:28 —Evaluating the chart
§ 3:29 Special types of records—Pediatric records
§ 3:30 —Obstetric and newborn record
§ 3:31 —Long-term care record

III. NONHOSPITAL RECORDS

§ 3:32 Outpatient clinic records

§ 3:33 Physician's office record

IV. FIGURES

§ 3:34 Figures
§§ 3:35 to 3:50 *[Reserved]*

V. LEGAL

§ 3:51 Rights of patients
§ 3:52 —Patient's right to access to records
§ 3:53 —Patient's right to privacy of records
§ 3:54 —Third-party rights to access of records
§ 3:55 Reporting of medical data
§ 3:56 Admissibility of medical records—Exceptions to the hearsay rule
§ 3:57 —Business record exception
§ 3:58 —Specific statutory provisions
§ 3:59 —Past recollections recorded
§ 3:60 —Refreshing witness' memory
§ 3:61 —Party admission
§ 3:62 —Impeachment purposes
§ 3:63 —Expert testimony based on medical records
§ 3:64 Retention of medical records
§§ 3:65 to 3:79 *[Reserved]*

VI. RELATED ARTICLES

§ 3:80 Generally

CHAPTER 4. PREPARING AND PRESENTING MEDICAL EVIDENCE

I. INTRODUCTION

§ 4:1 Scope
§ 4:2 Importance of medical evidence

II. PRETRIAL PREPARATION

§ 4:3 Initial contact with possible medical witness
§ 4:4 Preparing for conference with medical witness
§ 4:5 Conference—Purpose and agenda
§ 4:6 —Explaining need for subpoena
§ 4:7 —Doctor's dress and appearance
§ 4:8 —Manner on stand
§ 4:9 —Review all questions and answers
§ 4:10 —Prepare for redirect examination
§ 4:11 —Describe judge and opposing counsel

§ 4:12 —Explain legal language requirements

III. PRESENTATION AT TRIAL

A. DIRECT EXAMINATION OF MEDICAL WITNESSES

§ 4:13 Proper time to present medical proof
§ 4:14 List of questions
§ 4:15 Qualifications of witness
§ 4:16 —Offers to stipulate to qualifications
§ 4:17 —Developing qualifications by question and answer
§ 4:18 — —Example
§ 4:19 Necessity of knowing doctor's qualifications
§ 4:20 Subjective complaints versus objective findings—Permissible scope of testimony
§ 4:21 Reliance on other doctors' findings
§ 4:22 Consider various medical opinions and basis
§ 4:24 Opinion question—Form
§ 4:25 Defining technical terms
§ 4:26 Real and demonstrative evidence
§ 4:27 Medical records
§ 4:28 Hypothetical questions
§ 4:29 —When required
§ 4:30 —Facts included in hypothetical
§ 4:31 —Objections
§ 4:32 —Preparation and delivery of hypothetical
§ 4:33 —Suggested outline for hypothetical
§ 4:34 Cross-examining own witness
§ 4:35 —Example
§ 4:36 Evidence depositions in lieu of testimony

B. EXHIBITS

§ 4:37 X-rays in the courtroom—Impact
§ 4:38 —Marking and identifying the exhibit
§ 4:39 —X-ray shadow box
§ 4:40 —Qualifying x-rays

C. CROSS-EXAMINATION OF MEDICAL WITNESS

§ 4:41 Importance of cross-examination
§ 4:42 Importance of knowing rules of evidence
§ 4:43 Right of cross-examination
§ 4:44 Questioning of the witness by the court
§ 4:45 Scope of cross-examination
§ 4:46 —Contradiction of immaterial fact
§ 4:47 —Disparaging, argumentative and repetitious questions

§ 4:48 —Assuming facts in issue
§ 4:49 — —Example
§ 4:50 —Refreshing memory
§ 4:51 —Leading questions
§ 4:52 —Use of learned treatise in cross-examination
§ 4:53 — —Example
§ 4:54 —Impeachment by prior inconsistent statements
§ 4:55 — —Impeaching proof as substantive evidence
§ 4:56 —Redirect following cross-examination
§ 4:57 Purposes of cross-examination
§ 4:58 —Eliciting admissions supporting theory of case
§ 4:59 — —Example using medical report
§ 4:60 — —Example using expert medical witness
§ 4:61 —Discrediting witness' testimony
§ 4:62 — —Direct attack
§ 4:63 — — —Differential diagnosis
§ 4:64 — —Indirect or collateral attack
§ 4:65 — — —Use of treating and attending doctor as consultant
§ 4:66 — — —Establishing limited medical knowledge
§ 4:67 — — —Failure to bring medical records to court
§ 4:68 — — —Inactive memberships in hospital associations
§ 4:69 — — — —Example
§ 4:70 Hypothetical questions
§ 4:71 —Emphasizing hypothetical nature of facts
§ 4:72 — —Example
§ 4:73 —Changing the facts
§ 4:74 — —Examples of change in doctor's opinion
§ 4:75 — —Example of doctor holding to opinion
§ 4:76 —Omission of material facts
§ 4:77 —Attorney's use of doctor's aid in preparing hypothetical
§ 4:78 —Eliminating unnecessary facts
§ 4:79 — —Example
§ 4:80 Cardinal principles of cross-examination
§ 4:81 —Know your file
§ 4:82 —Prepare cross-examination in advance
§ 4:83 —Decide whether to use motion to exclude witnesses
§ 4:84 —Positioning in courtroom
§ 4:85 —Use of leading questions
§ 4:86 — —Example
§ 4:87 —Manner and style of cross-examination
§ 4:88 —Flaunting technical knowledge
§ 4:89 —Necessity of cross-examining every witness
§ 4:90 —Know the answers to your questions
§ 4:91 — —Example
§ 4:92 —Repetition of direct examination

§ 4:93 — —Example of mere repetition
§ 4:94 — —Example of repetition as foundation for discrediting testimony
§ 4:95 —Avoid overly broad cross-examination
§ 4:96 —Step by step development of principal points
§ 4:97 — —Example
§ 4:98 —Asking witness to repeat answer
§ 4:99 — —Example
§ 4:100 —Cross-examination versus closing argument
§ 4:101 —Retaining control of witness
§ 4:102 —Use of unfair tactics
§ 4:103 — —Misstating or distorting witness' testimony
§ 4:104 — — —Example
§ 4:105 — —Arguing with witness
§ 4:106 — — —Example
§ 4:107 — —Creating evidence by innuendo
§ 4:108 — — —Example
§ 4:109 —Self-control
§ 4:110 —Beginning your cross-examination
§ 4:111 —Ending your cross-examination

PART THREE MEDICAL TECHNIQUES AND SPECIAL PROCEDURES

CHAPTER 5. DRUGS

I. INTRODUCTION

§ 5:1 Scope
§§ 5:2 to 5:4 *[Reserved]*

II. MEDICAL

A. DRUGS AND RISK

§ 5:5 General nature of drugs
§ 5:6 Classification table
§ 5:7 Paradoxical reactions
§ 5:8 Unnecessary or excessive drug use
§ 5:9 *[Reserved]*

B. INFORMATION SOURCES

§ 5:10 Facts and Comparisons; AHFS Drug Information
§ 5:11 "Indications"
§ 5:12 "Contraindications"

§ 5:13 "Warnings and precautions"
§ 5:14 "Adverse reactions"; drug-induced false test results
§ 5:15 United States Pharmacopeia (USP) and National Formulary (NF)
§ 5:16 AMA drug evaluations
§ 5:17 Medical textbooks
§ 5:18 Watchdog publications
§ 5:19 Pharmacists and pharmacologists

C. DRUG REGULATION AND DEVELOPMENT

§ 5:20 Major federal laws
§ 5:21 —Controlled substances schedules
§ 5:22 New drug testing
§§ 5:23 to 5:24 *[Reserved]*

D. RATIONAL DRUG THERAPY

§ 5:25 Safe, conservative practice
§ 5:26 Checklist for sound drug therapy
§§ 5:27 to 5:59 *[Reserved]*

III. SPECIMEN AWARDS

§ 5:60 Amounts upheld or uncontested
§ 5:61 Amounts held excessive

IV. LITIGATION ILLUSTRATIONS

§§ 5:62 to 5:89 *[Reserved]*

V. RELATED ARTICLES

§ 5:90 Combination drugs and drug interactions
§ 5:91 Drugs affecting the heart and cardiovascular system
§ 5:92 —Treating arrhythmias
§ 5:93 —Treating angina
§ 5:94 —Treating heart failure
§ 5:95 —Treating hypertension
§ 5:96 Antibiotics
§ 5:97 —Ampicillin and amoxicillin
§ 5:98 Anesthesia and analgesia
§ 5:99 —Aspirin and salicylates
§ 5:100 —Acetaminophen and nonsteroidal antiinflammatory drugs (NSAID's)
§ 5:101 —Steroids
§ 5:102 —Antidepressants and psychiatric drug use
§ 5:103 —Lithium

§ 5:104 Insulin and drugs affecting diabetes
§ 5:105 —Adverse reactions, hypersensitivity and toxicity
§ 5:106 —Amiodarone
§ 5:107 —Contrast media
§ 5:108 Drug and alcohol dependence and overdoses
§ 5:109 —Alcohol
§ 5:110 —Cocaine
§ 5:111 Drugs and cancer (cytotoxic drugs)
§ 5:112 Oral contraceptions and hormones
§ 5:113 Use in pediatrics
§ 5:114 Use in geriatrics
§ 5:115 Use during pregnancy
§ 5:116 Miscellaneous
§ 5:116.10 —Effectiveness
§ 5:117 Vitamins and minerals

CHAPTER 6. SURGICAL PROCEDURES

I. INTRODUCTION

§ 6:1 Scope

II. MEDICAL

A. SURGICAL SUITE

§ 6:2 Operating room—Physical layout
§ 6:3 Surgical equipment and supplies—Devices and Central supply
§ 6:4 —Anesthesia equipment, monitoring devices, medications, and emergency resuscitation equipment
§ 6:5 —Lighting
§ 6:6 —Radiologic equipment
§ 6:7 Aseptic techniques and sterile fields

B. SURGICAL PERSONNEL

§ 6:8 The surgical team
§ 6:9 —Attending surgeon
§ 6:10 —Residents and medical students
§ 6:11 —First assistants
§ 6:12 —Anesthesiologist and nurse anesthetist
§ 6:13 —Surgical nurses
§ 6:14 — —Nursing supervisor(s)
§ 6:15 — —Scrub nurse
§ 6:16 — —Circulating nurse
§ 6:17 — —report of operation—Accounting for supplies and instruments

C. TYPICAL SURGICAL PROCEDURE

§ 6:18 Preoperative testing
§ 6:19 Consent to surgery
§ 6:20 Preoperative procedure and medication
§ 6:21 Operating room preparation
§ 6:22 Commencement of anesthesia and IV fluids
§ 6:23 Positioning of patient
§ 6:24 Scrubbing of surgeons and patient, draping of patient
§ 6:25 Incision and operation

D. POSTOPERATIVE CARE

§ 6:26 Transfer to the recovery room (PACU, pronounced "Pak-U")
§ 6:27 Surgeon's postoperative note, orders and report
§ 6:28 Recovery room nursing
§ 6:29 Transfer to ward or intensive care unit
§ 6:30 Continued nursing in ward
§ 6:31 Postoperative care
§ 6:32 Continued Hospital Care and Hospital discharge

III. SPECIMEN AWARDS

§ 6:33 Amounts upheld or uncontested
§ 6:34 Amounts held excessive

IV. FIGURES

§ 6:35 Illustrations

V. RELATED ARTICLES

§ 6:36 Miscellaneous

CHAPTER 7. ANESTHESIOLOGY

I. INTRODUCTION

§ 7:1 Anesthetic agents and methods
§ 7:2 Anesthesia subspecialties

II. MEDICAL

§ 7:3 Preoperative evaluation
§ 7:4 Monitoring the patient—Standards of care
§ 7:5 General anesthesia—Overview
§ 7:6 —Airway management
§ 7:7 —Inhalation anesthesia
§ 7:8 —Intravenous anesthesia

§ 7:9 —Neuromuscular blocking agents
§ 7:10 Conduction anesthesia—Overview
§ 7:11 —Topical anesthetics
§ 7:12 —Local infiltration
§ 7:13 —Nerve blocks
§ 7:14 —Spinal anesthesia
§ 7:15 —Epidural and caudal anesthesia
§ 7:16 Monitored anesthetic care
§ 7:17 Recovery room

III. SPECIMEN AWARDS

§ 7:18 Amounts upheld or uncontested
§ 7:19 Amounts held excessive

IV. RELATED ARTICLES

§ 7:20 Local and topical anesthesia
§ 7:21 Epidural anesthesia
§ 7:22 —Obstetrical use
§ 7:23 General anesthesia
§ 7:24 —Pediatric and neonatal
§ 7:25 Agents
§ 7:26 Reactions
§ 7:27 Postoperative
§ 7:28 Miscellaneous
§ 7:29 Complications

CHAPTER 8. RADIOLOGY (DIAGNOSTIC AND THERAPEUTIC)

I. INTRODUCTION

§ 8:1 Scope
§ 8:2 Diagnostic and therapeutic radiation generally

II. MEDICAL

A. DIAGNOSTIC RADIOLOGY

1. Techniques

§ 8:3 Role of radiologist
§ 8:4 Nuclear medicine
§ 8:5 Ultrasound
§ 8:6 —Real time ultrasonography
§ 8:7 —Doppler ultrasonography
§ 8:8 —Moving mode (m-mode) ultrasonography
§ 8:9 X-ray

§ 8:10 X-Ray—Fluoroscopy
§ 8:11 X-ray—Computed tomography (CT)
§ 8:12 —Contrast studies
§ 8:13 Magnetic resonance imaging (MRI)
§ 8:14 Positron Emmision Tomography (PET SCAN) (PET-CT Scan)

2. Applications

a. General Procedures

§ 8:15 Bone scan
§ 8:16 Gallium scan
§ 8:17 Angiography
§ 8:18 Arthrography
§ 8:19 Computed tomography (CT)
§ 8:20 Peripheral venograms
§ 8:21 Skeletal survey
§ 8:22 Stress views

b. Head and Neck

§ 8:23 Cisternography
§ 8:24 Radioisotope brain scan
§ 8:25 Thyroid function studies
§ 8:26 Thyroid scan
§ 8:27 —Ophthalmology—Ophthalmologic uses of a-mode and b-mode
§ 8:28 Angiography—Cerebral angiography
§ 8:29 Plain skull radiographs
§ 8:30 CT and MRI

c. Spine and Spinal Cord

§ 8:31 Computed tomography (CT) and MRI of the spine
§ 8:32 Myelography
§ 8:33 Plain spine radiographs

d. Chest

§ 8:34 Lung ventilation perfusion scan (V/Q Scan)
§ 8:35 Myocardial scan
§ 8:36 Ventricular performance studies
§ 8:37 Ultrasound—Real time scanning
§ 8:38 Cardiac angiography
§ 8:39 Chest x-ray
§ 8:40 Coronary angiography
§ 8:41 Angiography—Pulmonary angiography
§ 8:42 —Superior vena cavography
§ 8:43 —Thoracic aortography
§ 8:44 BREAST—Mammography

e. Abdomen and Pelvis

§ 8:45 Obstetric and gynecologic ultrasound
§ 8:46 Renal and retroperitoneal scanning
§ 8:47 Barium studies of the lower gastrointestinal tract (lower GI)
§ 8:48 Barium studies of the upper gastrointestinal tract (upper GI)
§ 8:49 Water soluble media gastrointestinal studies
§ 8:50 Endoscopic retrograde cholangiography
§ 8:51 Hysterosalpingography
§ 8:52 Inferior vena cavogram
§ 8:53 Percutaneous transhepatic cholangiography
§ 8:54 Plain radiograph
§ 8:55 Retrograde cystogram
§ 8:56 Retrograde urogram
§ 8:57 Selective arteriography

B. THERAPEUTIC RADIOLOGY

1. Generally

§ 8:58 Therapeutic radiation

2. Techinques and Applications

§ 8:59 Diathermy
§ 8:60 Heat
§ 8:61 131-Iodine
§ 8:62 Ultrasound
§ 8:63 Ultraviolet light
§ 8:64 Radiation therapy

III. SPECIMEN AWARDS

§ 8:65 Amounts upheld or uncontested

IV. RELATED ARTICLES

§ 8:66 Magnetic resonance imaging
§ 8:67 —Brain
§ 8:68 —Spine or spinal cord
§ 8:69 —Musculoskeletal
§ 8:70 —Shoulder
§ 8:71 —Tumors
§ 8:72 Ultrasound
§ 8:73 —Echocardiography
§ 8:74 Computerized tomography
§ 8:75 —Bones
§ 8:76 — —Spine

§ 8:77 —Lungs
§ 8:78 —Neoplasms
§ 8:79 X-rays
§ 8:80 Diagnosis and screening
§ 8:81 —Breast
§ 8:82 —Trauma and injury
§ 8:83 Therapeutic
§ 8:84 Contrast mediums and adverse reactions
§ 8:85 Radiation hazards and complications
§ 8:86 —Second cancers and radiation-induced neoplasms
§ 8:87 Miscellaneous

CHAPTER 9. OBSTETRICS

I. INTRODUCTION

§ 9:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

1. Pregnancy

§ 9:2 Gestation period
§ 9:3 Fertilization
§ 9:4 —Blastocyst
§ 9:5 Placenta
§ 9:6 Umbilical cord
§ 9:7 Fetal membranes
§ 9:8 Fetus
§ 9:9 Physiological changes of pregnancy
§ 9:10 —Reproductive tract changes
§ 9:11 —Other physiological changes
§ 9:12 Diagnosing pregnancy
§ 9:13 Assessing fetal health

2. Labor and Delivery

§ 9:14 Stages of labor
§ 9:15 Labor symptoms and signs
§ 9:16 Onset of labor
§ 9:17 —Induced labor
§ 9:18 Cervical and abdominal examinations
§ 9:19 Monitoring of uterine contractions and fetal heart rate
§ 9:20 Pain relief
§ 9:21 Spontaneous delivery
§ 9:22 Use of forceps

3. Puerperium

§ 9:23 Changes during puerperium

§ 9:24 Lactation

B. CONDITIONS, DISEASES AND DISORDERS

§ 9:25 Breech presentations
§ 9:26 Choriocarcinoma
§ 9:27 Cord prolapse
§ 9:28 Dystocia
§ 9:29 Ectopic pregnancy
§ 9:30 Hydatidiform mole
§ 9:31 Hydramnios (polyhydramnios)
§ 9:32 Hyperemesis gravidarum
§ 9:33 Lacerations of the birth canal
§ 9:34 Intrauterine fetal demise (IUFD)
§ 9:35 Multiple pregnancy
§ 9:36 Oligohydramnios
§ 9:37 Placenta previa
§ 9:38 Placental abruption
§ 9:39 Postpartum hemorrhage
§ 9:40 Preeclampsia-eclampsia
§ 9:41 Preterm labor
§ 9:42 Premature rupture of the membranes
§ 9:43 Prolonged pregnancy
§ 9:44 Small-for-dates infant
§ 9:45 Spontaneous abortion (miscarriage)
§ 9:46 Uterine rupture
§§ 9:47 to 9:89 *[Reserved]*

III. SPECIMEN AWARDS

§ 9:90 Amounts upheld or uncontested
§ 9:91 Amounts held excessive
§ 9:92 Amounts held inadequate

IV. LITIGATION ILLUSTRATIONS

§§ 9:93 to 9:199 *[Reserved]*

V. RELATED ARTICLES

§ 9:200 Fertility
§ 9:201 Abortion
§ 9:202 Prenatal diagnosis
§ 9:203 Amniocentesis
§ 9:204 —Chorionic villus sampling (CVS)
§ 9:205 —Alpha-Fetoprotein screening (AFP)
§ 9:206 —DNA analysis
§ 9:207 —Ultrasound
§ 9:208 —Treatment

§ 9:209 Pregnancy
§ 9:210 —Ectopic pregnancies
§ 9:211 —Miscarriage
§ 9:212 —Diabetic pregnancies
§ 9:213 — —Glucose tolerance tests
§ 9:214 —Preeclampsia and eclampsia
§ 9:215 —Infections during pregnancy
§ 9:216 — —Medication and pregnancy
§ 9:217 Substance abuse during pregnancy
§ 9:218 Prenatal care and development
§ 9:219 —Effect of drug use on fetus
§ 9:220 —Prenatal care programs
§ 9:221 Labor and delivery
§ 9:222 —Fetal heart rate monitoring
§ 9:223 —Cesarean sections
§ 9:224 —Analgesia and anesthesia
§ 9:225 Prematurity and low birthweight infants
§ 9:226 Postmaturity
§ 9:227 Postpartum
§ 9:228 —Lactation and breastfeeding
§ 9:229 Congenital abnormalities and genetic disease

PART THREE MEDICAL TECHNIQUES AND SPECIAL PROCEDURES (CONTINUED)

CHAPTER 11. ELECTRODIAGNOSIS AND ELECTROTHERAPY

I. INTRODUCTION

§ 11:1 Scope
§ 11:2 Diagnostic techniques generally
§ 11:3 Therapeutic techniques generally

II. MEDICAL

A. ELECTRODIAGNOSIS

§ 11:4 Electrocardiography (ECG, EKG)
§ 11:5 —Holter cardiac monitor (12-hour continuous tape monitor)
§ 11:6 —Stress test
§ 11:7 Electroencephalography (EEG)
§ 11:8 Electromyography (EMG)
§ 11:9 Nerve conduction velocity (NCV) studies

B. ELECTROTHERAPY

§ 11:10 Cardioversion
§ 11:11 Cerebellar electrical stimulation
§ 11:12 Electrical stimulation for urinary incontinence
§ 11:13 Electroconvulsive therapy (ECT)
§ 11:14 Phrenic nerve stimulation
§ 11:15 Posterior column stimulation
§ 11:16 Transcutaneous neural electrical stimulation
§ 11:17 Implantable neuromodulators
§ 11:18 Electronic monitoring for neuroprotection

III. RELATED ARTICLES

§ 11:19 In general
§ 11:20 Electrocardiogram (EKG or ECG)

§ 11:21 Electroencephalogram (EEG)
§ 11:22 Electroconvulsive therapy (ECT)

CHAPTER 12. AUTOPSY AND PATHOLOGY

I. INTRODUCTION

§ 12:1 Definition of pathology

II. PERSONNEL AND FUNCTIONS OF THE PATHOLOGY DEPARTMENT

§ 12:2 Personnel
§ 12:3 Training of pathologists
§ 12:4 Manpower needs of pathologists
§ 12:5 Administrative functions
§ 12:6 Role of Ph.D. laboratory scientists

III. FUNCTIONS OF THE ANATOMIC PATHOLOGY DEPARTMENT

§ 12:7 Introduction

A. SURGICAL PATHOLOGY

§ 12:8 Scope
§ 12:9 Tissue processing
§ 12:10 Diagnostic reports
§ 12:11 Quality assurance

B. CYTOPATHOLOGY

§ 12:12 Scope
§ 12:13 PAP smears

C. AUTOPSY PATHOLOGY

§ 12:14 Scope
§ 12:15 Clinical-pathologic correlation
§ 12:16 Purpose of the autopsy
§ 12:17 Autopsy rates
§ 12:18 Private autopsy services

D. HEMATOPATHOLOGY

§ 12:19 Scope

E. OTHER SPECIALIZED LABORATORIES IN ANATOMIC PATHOLOGY

§ 12:20 Scope

§ 12:21 Cytogenetics
§ 12:22 Electron microscopy
§ 12:23 Flow cytometry
§ 12:24 Tumor markers and oncogenes

IV. FUNCTIONS OF THE CLINICAL PATHOLOGY DEPARTMENT

§ 12:25 Introduction
§ 12:26 Laboratory personnel
§ 12:27 Integrity of laboratory testing

A. CLINICAL CHEMISTRY

§ 12:28 Scope

B. HEMATOLOGY

§ 12:29 Scope

C. MICROBIOLOGY

§ 12:30 Scope

D. BLOOD BANKING

§ 12:31 Scope

E. SEROLOGY

§ 12:32 Scope

F. IMMUNOPATHOLOGY LABORATORY

§ 12:33 Scope

V. THE USE OF REFERRAL LABORATORIES AND OF CONSULTING SUBSPECIALIST PATHOLOGISTS

§ 12:34 Scope

VI. SPECIMEN AWARDS

§ 12:35 Amounts upheld or uncontested

VII. LITIGATION ILLUSTRATIONS

A. MYOCARDIAL INFARCT—NEGLIGENT DISCHARGE OF PATIENT-TESTIMONY OF PLAINTIFF'S PATHOLOGIST

§ 13:67 Figures

V. LITIGATION ILLUSTRATIONS

A. INTRACEREBRAL HEMORRHAGE—POSSIBLE ANEURISM

§ 13:68 Editor's introduction

1. Plaintiff's Neurologist

§ 13:69 Direct examination—Findings and diagnosis: traumatic intracerebral hemorrhage
§ 13:70 Cross-examination—Symptoms like stroke or ruptured aneurism
§ 13:71 Redirect examination—Stroke unlikely; injury may rupture aneurism
§ 13:72 Recross-examination—No external evidence of head injury

2. Plaintiff's Neurosurgeon

§ 13:73 Direct examination—Diagnosis: superficial brain lesion from head injury
§ 13:74 Cross-examination—No external bruises; ruptured aneurism possible
§ 13:75 Redirect examination—External bruises unnecessary; aneurism unlikely
§ 13:76 Recross-examination—Aneurisms rupture spontaneously

3. Attending Physician (Defense Witness)

§ 13:77 Direct examination—Diagnosis: ruptured congenital aneurism
§ 13:78 Cross-examination—Concussions can cause hemorrhage
§ 13:79 Redirect examination—Severe concussion improbable; no skull fracture

4. Attending Neurologist (Defense Witness)

§ 13:80 Direct examination—Diagnosis: ruptured congenital aneurism
§ 13:81 Cross-examination—Concussion can rupture aneurism; wrong symptoms for aneurism

§ 15:46 Trauma to cornea—Foreign bodies
§ 15:47 —Nonpenetrating wounds
§ 15:48 —Penetrating and perforating wounds

§ 15:49 Viral ulcers
§§ 15:50 to 15:54 *[Reserved]*

4. Eyelid

§ 15:55 Blepharitis
§ 15:56 —Squamous blepharitis
§ 15:57 —Ulcerative blepharitis
§ 15:58 Chalazion
§ 15:59 Ecchymosis (black eye)
§ 15:60 Ectropion
§ 15:61 Entropion
§ 15:62 Hordeolum
§ 15:63 Lacerations of eyelids
§ 15:64 Ptosis
§§ 15:65 to 15:69 *[Reserved]*

5. Lens

§ 15:70 Cataract
§ 15:71 Dislocated lens
§§ 15:72 to 15:74 *[Reserved]*

6. Optic Nerve

§ 15:75 Optic atrophy
§ 15:76 Optic neuritis
§ 15:77 Papilledema
§§ 15:78 to 15:79 *[Reserved]*

7. Orbit

§ 15:80 Orbital cellulitis
§§ 15:81 to 15:84 *[Reserved]*

8. Retina

§ 15:85 Circulatory disturbances in retina
§ 15:86 —Arteriosclerosis
§ 15:87 —Embolism
§ 15:88 —Hemorrhage
§ 15:89 —Thrombus
§ 15:90 Retinal detachment
§ 15:91 Diabetic retinopathy
§ 15:92 Retinitis pigmentosa
§ 15:93 Retinopathy of prematurity (retrolental fibroplasia)
§ 15:94 Syphilitic retinitis
§§ 15:95 to 15:99 *[Reserved]*

9. Sclera

§ 15:100 Episcleritis
§ 15:101 Scleritis

§ 15:102 Staphyloma
§ 15:103 Scleral trauma
§§ 15:104 to 15:109 *[Reserved]*

10. Lacrimal Apparatus

§ 15:110 Canaliculitis
§ 15:111 Dacryoadenitis
§ 15:112 Dacryocystitis
§§ 15:113 to 15:114 *[Reserved]*

11. Uvea

§ 15:115 Glaucoma
§ 15:116 —Primary glaucoma—Angle-closure type
§ 15:117 — —Open-angle type
§ 15:118 —Childhood Glaucoma
§ 15:119 Nonpurulent uveitis
§ 15:120 Purulent uveitis
§ 15:121 —Endophthalmitis
§ 15:122 —Panophthalmitis
§§ 15:123 to 15:124 *[Reserved]*

12. Vitreous

§ 15:125 Diseases of vitreous humor
§§ 15:126 to 15:154 *[Reserved]*

III. SPECIMEN AWARDS

§ 15:155 Amounts upheld or uncontested
§ 15:156 Amounts held excessive
§ 15:157 Amounts held inadequate

IV. FIGURES

§ 15:158 Figures

PART FOUR SECTIONS OF THE BODY AND THEIR DISORDERS (CONTINUED)

CHAPTER 25. PELVIS AND HIP

I. INTRODUCTION

§ 25:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

1. Generally

§ 25:2 Skeletal structure of pelvis
§ 25:3 —Differences between male and female
§ 25:4 Hip joint
§ 25:5 Perineum
§ 25:6 Circulation
§ 25:7 Nerves
§ 25:8 Urinary system
§ 25:9 Gastrointestinal tract
§ 25:10 Inguinal canal

2. Male Genitalia

§ 25:11 Prostate
§ 25:12 Penis
§ 25:13 Scrotum and testes
§ 25:14 Vas deferens and other ducts

3. Female Genitalia

§ 25:15 Internal and external organs
§ 25:16 Ovaries
§ 25:17 Fallopian tubes
§ 25:18 Uterus
§ 25:19 Vagina
§ 25:20 External organs
§ 25:21 Hormones affecting female reproductive system
§ 25:22 —Menstrual cycle

4. Development of Female Reproductive System

§ 25:23 Embryology
§ 25:24 Puberty
§ 25:25 Menopause

B. CONDITIONS, DISEASES AND DISORDERS

1. Female Genitalia

§ 25:26 Adenomyosis
§ 25:27 Amenorrhea—Primary
§ 25:28 —Secondary
§ 25:29 Cervical cancer
§ 25:30 Cervical polyps
§ 25:31 Cervicitis and nonspecific cervical disease
§ 25:32 Abnormal uterine bleeding
§ 25:33 Endometrial cancer
§ 25:34 Endometrial hyperplasia
§ 25:35 Endometrial polyps
§ 25:36 Endometriosis and endometriomas
§ 25:37 Functional ovarian cysts
§ 25:38 Gonorrhea infections (gonorrheal cervicitis, salpingitis, pelvic abscesses, pelvic inflammatory disease)
§ 25:39 Imperforate hymen
§ 25:40 Infections of the vagina
§ 25:41 Infertility
§ 25:42 Ovarian tumors
§ 25:43 Pelvic organ prolapse
§ 25:44 Polycystic ovarian syndrome (stein-leventhal syndrome)
§ 25:45 Premenstrual dysphoric disorder
§ 25:46 Primary dysmenorrhea
§ 25:47 Androgen insensitivity (testicular feminization syndrome)
§ 25:48 Turner's syndrome
§ 25:49 Uterine leiomyomas
§ 25:50 Vaginal malignancies
§ 25:51 Vulvar inflammations
§ 25:52 Vulvar malignancies

2. Gastrointestinal Tract

§ 25:53 Anal fissure
§ 25:54 Anal incontinence
§ 25:55 Carcinoma of the colon and rectum
§ 25:56 Colonic polyps
§ 25:57 Epidermoid carcinoma of the anus

§ 25:58 Fecal impaction
§ 25:59 Fistula in ano
§ 25:60 Hemorrhoids
§ 25:61 Perirectal suppuration
§ 25:62 Rectal prolapse
§ 25:63 Sigmoid volvulus

3. Groin

§ 25:64 Groin hernias (femoral hernia, direct and indirect inguinal hernias)

4. Hip and Pelvic Girdle

§ 25:65 Acute synovitis of the hip in childhood
§ 25:66 Adult chronic hip diseases
§ 25:67 Congenital dislocation and dysplasia of the hip
§ 25:68 Legg-Calvé-Perthes disease (Perthes disease)
§ 25:69 Pelvic fractures
§ 25:70 Traumatic dislocations of the hip

5. Male Genitalia

§ 25:71 Acute urethritis
§ 25:72 Benign prostatic hypertrophy
§ 25:73 Carcinoma of the penis
§ 25:74 Carcinoma of the prostate
§ 25:75 Cryptorchidism
§ 25:76 Epididymitis
§ 25:77 Hypospadias
§ 25:78 Prostatitis—Acute
§ 25:79 —Chronic
§ 25:80 Testicular torsion
§ 25:81 Testicular tumors
§ 25:82 Vasectomy
§ 25:83 Vasovasostomy and vasoepididymostomy (vasectomy reversal)

6. Urinary Tract

§ 25:84 Bladder cancer
§ 25:85 Bladder trauma
§ 25:86 Meatal stenosis
§ 25:87 Pediatric hydronephrosis
§ 25:88 Urethral valves and bladder neck obstruction
§ 25:89 Urinary calculi

III. SPECIMEN AWARDS

§ 25:90 Amounts upheld or uncontested
§ 25:91 Amounts held excessive

§ 25:92 Amounts held inadequate
§§ 25:93 to 25:98 *[Reserved]*

IV. FIGURES

§ 25:99 Female pelvis—Anterior view of surface anatomy

V. LITIGATION ILLUSTRATIONS

§ 25:100 Wrongful death involving Enovid therapy for endometriosis—Discovery deposition of defendant's expert
§ 25:101 Medical malpractice involving a retained abdominal sponge causing irritable bowel syndrome—Direct and cross-examination of defendant's expert gastroenterologist

VI. RELATED ARTICLES

§ 25:102 Hip
§ 25:103 —Fractures
§ 25:104 Hip replacement and prostheses
§ 25:105 Pelvis and pelvic girdle
§ 25:106 —Pelvic inflammatory disease
§ 25:107 Female reproductive system
§ 25:108 —Infections
§ 25:109 —Neoplasms
§ 25:110 —Ovarian cancer
§ 25:111 Male reproductive system
§ 25:112 Miscellaneous

CHAPTER 26. THIGH, KNEE AND LEG (LOWER LEG)

I. INTRODUCTION

§ 26:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

§ 26:2 Thigh
§ 26:3 Knee
§ 26:4 Leg (lower leg)
§ 26:5 Arteries
§ 26:6 Veins
§ 26:7 Muscles
§ 26:8 Nervous system

B. CONDITIONS, DISEASES AND DISORDERS

1. General

§ 26:9 Deep vein thrombosis
§ 26:10 Muscle tears
§ 26:11 Osteogenic sarcoma
§ 26:12 Sciatica
§ 26:13 Varicose veins
§ 26:14 Vascular insufficiency

2. Leg (Lower Leg)

§ 26:15 Anterior tibial compartment syndrome
§ 26:16 Fractures of the fibula
§ 26:17 Fractures of the tibia—Closed
§ 26:18 —Open
§ 26:19 Peroneal nerve palsies
§ 26:20 —Compression palsies of the peroneal nerve
§ 26:21 —Traumatic palsies of the peroneal nerve

3. Knee

§ 26:22 Dislocation of the knee
§ 26:23 Fractures of the femoral condyles
§ 26:24 Fractures of the patella
§ 26:25 Fractures of the tibial condyles
§ 26:26 Ligamentous injuries of the knee
§ 26:27 —Tears of the collateral ligaments
§ 26:28 —Tears of the cruciate ligaments
§ 26:29 Loose bodies in the knee joint
§ 26:30 Osgood-schlatter's disease
§ 26:31 Popliteal cyst (baker's cyst)
§ 26:32 Recurrent dislocation of the patella
§ 26:33 Tears of the quadriceps and patellar tendons
§ 26:34 Tears of the semilunar cartilages
§ 26:35 Posterolateral knee injuries

4. Thigh

§ 26:36 Avulsion fracture of the lesser trochanter
§ 26:37 Fractures of the femoral shaft
§ 26:38 Fractures of the proximal femur
§ 26:39 Myositis ossificans
§ 26:40 —Traumatic myositis ossificans

III. SPECIMEN AWARDS

§ 26:41 Amounts upheld or uncontested
§ 26:42 Amounts held excessive
§ 26:43 Amounts held inadequate

IV. RELATED ARTICLES

§ 26:44 Upper leg and femur
§ 26:45 Knee
§ 26:46 —Surgical procedures
§ 26:47 Lower leg
§ 26:48 Miscellaneous
§ 26:49 *[Reserved]*

V. LITIGATION ILLUSTRATIONS

§ 26:50 Wrongful death and survival action—Fractured femur—Elderly dialysis patient—Discovery deposition of family and medicine
§ 26:51 Wrongful death and survival actions—Fractured femur—Elderly dialysis patient—Plaintiff's answers to Defendant Rule 213(g) interrogatories
§ 26:52 — — —Discovery—Deposition of plaintiff's orthopedic surgeon

CHAPTER 27. ANKLE AND FOOT

I. INTRODUCTION

§ 27:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

§ 27:2 Skeletal system
§ 27:3 Tendons, nerves, arteries, and veins
§ 27:4 Sole of the foot
§ 27:5 Dorsum of the foot

B. CONDITIONS, DISEASES, AND DISORDERS

§ 27:6 Achilles tendon rupture
§ 27:7 Clawfoot
§ 27:8 Clubfoot (congenital talipes equinovarus)
§ 27:9 Flexible flatfoot
§ 27:10 Fractures of the calcaneum
§ 27:11 Fractures of the distal tibia and fibula
§ 27:12 Fractures of the metatarsal bones
§ 27:13 Fracture of the neck of the talus
§ 27:14 Fractures of the phalanges
§ 27:15 Hallux valgus (bunion)
§ 27:16 Hallux varus
§ 27:17 Hammer toe

§ 27:18 Metatarsus varus (metatarsus adductus)
§ 27:19 Morton's neuroma (plantar neuroma)
§ 27:20 Strain and sprain of the ankle
§ 27:21 Stress fractures (fatigue or march fracture)
§ 27:22 Infections of the foot and ankle
§ 27:23 Reflex sympathetic dystrophy syndrome
§ 27:24 Diabetes mellitus
§ 27:25 Osteomyelitis

III. SPECIMEN AWARDS

§ 27:26 Amounts upheld or uncontested
§ 27:27 Amounts held excessive
§ 27:28 Amounts held inadequate

IV. FIGURES

§ 27:29 Figures

V. RELATED ARTICLES

§ 27:30 Miscellaneous
§ 27:31 Diabetic foot

PART FIVE HUMAN SYSTEMS, SYSTEMIC DISORDERS AND TRAUMATIC INJURIES

CHAPTER 28. NERVOUS SYSTEM

I. INTRODUCTION

§ 28:1 Scope
§§ 28:2 to 28:9 *[Reserved]*

II. MEDICAL

A. ANATOMY AND FUNCTION

1. Generally

§ 28:10 Central and peripheral nervous systems
§ 28:11 —Neurons
§ 28:12 —Endocrine secretory system
§ 28:13 —Types of nerve cells
§ 28:14 *[Reserved]*

2. Central Nervous System

§ 28:15 Brain

§ 28:16 —Cerebrum
§ 28:17 —Cerebral cortex
§ 28:18 —Parietal lobe
§ 28:19 —Temporal lobe
§ 28:20 —Cerebellum
§ 28:21 —Brain stem
§ 28:22 —Diencephalon
§ 28:23 — —Thalamus
§ 28:24 — —Hypothalamus
§ 28:25 — —Subthalamus
§ 28:26 — —Epithalamus
§ 28:27 —Midbrain
§ 28:28 —Pons
§ 28:29 —Medulla
§ 28:30 Basal ganglia
§ 28:31 Spinal cord
§ 28:32 —Reflex arcs
§ 28:33 —Spinal cord pathways
§ 28:34 —Sensory impulses
§§ 28:35 to 28:39 *[Reserved]*

3. Autonomic Nervous System

§ 28:40 Sympathetic and parasympathetic divisions

4. Cerebrospinal Fluid

§ 28:41 Composition and production of fluid

5. Blood Supply to the Brain

§ 28:42 Arterial structure

6. Cranial Nerves

§ 28:43 Nerves and functions
§ 28:44 *[Reserved]*

7. Peripheral Nervous System

§ 28:45 Definition
§ 28:46 Nerve roots
§ 28:47 Organization of peripheral nerves
§ 28:48 —Cervical plexus
§ 28:49 —Brachial plexus
§ 28:50 —Intercostal nerves
§ 28:51 —Lumbosacral plexus

B. CONDITIONS, DISEASES AND DISORDERS

§ 28:52 Amyotrophic Lateral Sclerosis (ALS, Lou Gehrig's disease)
§ 28:53 —ALS form of Creutzfeldt-Jakob disease

§ 28:54 —Familial ALS
§ 28:55 —Western Pacific ALS
§ 28:56 —Postencephalitic ALS
§ 28:57 Causalgia
§ 28:58 Guillain-Barre syndrome
§ 28:59 Leprosy-related neurotoxicity
§ 28:60 Neurofibromatosis (Von Recklinghausen's disease) (NF1) (NF2)
§ 28:61 Neuropathies
§ 28:62 —Alcoholic polyneuropathy
§ 28:63 —Arsenic poisoning neuropathy
§ 28:64 —Charcot-Marie-Tooth hereditary peripheral neuropathy (peroneal muscular atrophy) (HSN types I-III)
§ 28:65 —Dejerine-sottas type hypertrophic peripheral neuropathy (interstitial hypertrophic neuropathy)
§ 28:66 —Diabetic neuropathy
§ 28:67 —Diphtheria toxin polyneuropathy
§ 28:68 —Lead poisoning neuropathy
§ 28:69 —Mercury poisoning neuropathy
§ 28:70 Peripheral nerve injuries
§ 28:71 —Diagnosis of peripheral nerve injuries
§ 28:72 —Injuries to cervical plexus
§ 28:73 —Injuries to brachial nerves
§ 28:74 —Carpal tunnel syndrome
§ 28:75 —Ulnar nerve injuries
§ 28:76 —Intercostal nerve injuries
§ 28:77 —Injuries to lumbosacral plexus
§ 28:78 —Physical examination for peripheral nerve injuries
§ 28:79 —Examination of cervical plexus
§ 28:80 —Examination of brachial plexus
§ 28:81 —Examination for intercostal nerve injury
§ 28:82 —Examination of lumbosacral plexus
§ 28:83 —Diagnostic procedures
§ 28:84 —Treatment
§ 28:85 —Prognosis
§ 28:86 Poliomyelitis
§ 28:87 Radiculopathy
§ 28:88 Shoulder hand syndrome
§ 28:89 *[Reserved]*

III. SPECIMEN AWARDS

§ 28:90 Amounts upheld or uncontested
§ 28:91 Amount held excessive
§ 28:92 Amounts held inadequate

IV. LITIGATION ILLUSTRATIONS

§§ 28:93 to 28:129 *[Reserved]*

V. RELATED ARTICLES

§ 28:130 Cerebral palsy
§ 28:131 Diabetic neuropathy
§ 28:132 Guillain-barre syndrome
§ 28:133 Infections
§ 28:134 Meningitis
§ 28:135 Multiple sclerosis
§ 28:136 Parkinson's disease
§ 28:137 Spinal cord injury and disease
§ 28:138 Miscellaneous
§ 28:139 Neoplasms

CHAPTER 29. MUSCULOSKELETAL SYSTEM

I. INTRODUCTION

§ 29:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

§ 29:2 Description of system
§ 29:3 Skeletal system
§ 29:4 —Bone composition
§ 29:5 —Bone growth and development
§ 29:6 Skeletal muscle
§ 29:7 —Muscle composition
§ 29:8 —Tendons
§ 29:9 —Blood supply
§ 29:10 —Nerve supply
§ 29:11 —Muscle contraction
§ 29:12 Connective tissue
§ 29:13 Joints
§ 29:14 —Synovial joints
§ 29:15 —Nerve and blood supply

B. CONDITIONS, DISEASES AND DISORDERS

§ 29:16 Chondrocalcinosis (pseudogout)
§ 29:17 Ehlers-Danlos syndrome
§ 29:18 Glycogen storage disease of muscle
§ 29:19 Gout
§ 29:20 Hyperkalemic periodic paralysis
§ 29:21 Hyperkalemic periodic paralysis (familial) periodic paralysis (paroxysmal myoplegia)

§ 29:22 Infectious arthritis
§ 29:23 Juvenile rheumatoid arthritis (JRA)
§ 29:24 Lambert-Eaton syndrome (LEMS; myasthenic syndrome)
§ 29:25 Marfan's syndrome
§ 29:26 Muscular dystrophies
§ 29:27 —Duchenne muscular dystrophy
§ 29:28 —Becker Muscular DystrophyFascioscapulohumeral (FSH) muscular dystrophy
§ 29:29 —Fascioscapulohumeral (FSH) muscular dystrophy
§ 29:30 —Limb-girdle muscular dystrophy
§ 29:31 —Myotonic muscular dystrophy (myotonia dystrophica)
§ 29:32 —Ocular and oropharyngeal muscular dystrophy
§ 29:33 —Distal Muscular Dystrophy
§ 29:34 —Emery-Dreifuss Muscular Dystrophy
§ 29:35 Myasthenia gravis
§ 29:36 Myositis ossificans
§ 29:37 Transient neonatal myasthenia (Myasthenic syndrome)
§ 29:38 Osteitis deformans (Paget's disease of bone)
§ 29:39 Paramyotonia congenita (von Eulenburg's disease)
§ 29:40 Polymyositis and dermatomyositis
§ 29:41 Rheumatoid arthritis (RA)
§ 29:42 Thyroid-related myopathy
§ 29:43 Wegener's granulomatosis
§§ 29:44 to 29:59 *[Reserved]*

III. SPECIMEN AWARDS

§ 29:60 Amounts upheld or uncontested
§ 29:61 Amounts held excessive
§ 29:62 Amounts held inadequate

IV. LITIGATION ILLUSTRATIONS

§ 29:63 Aggravation of arthritis by injury—Testimony of plaintiff's physician
§ 29:64 Ankylosis of joint surfaces due to injury—Testimony of radiologist
§ 29:66 Bursitis—Testimony of plaintiff's physician
§§ 29:66 to 29:89 *[Reserved]*

V. RELATED ARTICLES

§ 29:90 Arthritis
§ 29:91 —Rheumatoid arthritis
§ 29:92 Osteoporosis
§ 29:93 Miscellaneous

§ 29:94 Fractures
§ 29:95 Neoplasms
§ 29:96 Bone marrow transplants
§ 29:97 Muscular dystrophy
§ 29:98 Calcium and mineral intake
§ 29:99 Exercise and sports
§ 29:100 Geriatric problems

CHAPTER 30. CARDIOVASCULAR SYSTEM

I. INTRODUCTION

§ 30:1 Scope
§ 30:2 Introductory concepts
§ 30:3 Pump, plumbing, and electricity
§ 30:4 Development of atherosclerosis—Role of risk factors
§ 30:5 Coronary artery disease—Stable versus unstable
§ 30:6 Acute chest pain—Myocardial infarction, pulmonary embolism, aortic dissection
§ 30:7 Cardiac arrest

II. MEDICAL

A. ANATOMY AND FUNCTION

§ 30:8 Basic anatomy and physiology
§ 30:9 Heart
§ 30:10 Arterial circulation
§ 30:11 Capillaries
§ 30:12 Venous system
§ 30:13 Pulmonary circulation
§ 30:14 Fetal circulation
§ 30:15 Portal circulation
§ 30:16 Lymphatic system

B. DISEASES AND CLINICAL CONDITIONS

§ 30:17 Heart failure
§ 30:18 Shock and hypotension
§ 30:19 —Syncope
§ 30:20 Arteriosclerosis
§ 30:21 Mechanism of clinical events related to arteriosclerosis
§ 30:22 Arteriosclerosis—Arterial aneurysm
§ 30:23 Arterial hypertension
§ 30:24 Ischemic heart disease
§ 30:25 —Angina pectoris
§ 30:26 —Myocardial infarction (MI)

§ 30:27 Congenital heart disease
§ 30:28 Inflammatory diseases of the heart—Pericarditis
§ 30:29 —Myocarditis
§ 30:30 —Infectious endocarditis and valvulitis
§ 30:31 —Rheumatic heart disease
§ 30:32 Diseases of veins
§ 30:33 —Varicose veins
§ 30:34 —Thrombophlebitis
§ 30:35 Arteritis
§ 30:36 —Takayasu's syndrome
§ 30:37 Neoplasms

C. FORENSIC ASPECTS OF CARDIOVASCULAR DISEASE

§ 30:38 Forensic issues

D. BIBLIOGRAPHY

§ 30:39 General references

III. SPECIMEN AND AWARDS

§ 32:86 Neoplastic disease
§ 32:87 Platelet function

CHAPTER 33. GASTROINTESTINAL SYSTEM

I. INTRODUCTION

§ 33:1 Scope
§ 33:2–33:4 *[Reserved]*

II. MEDICAL

A. ANATOMY AND PHYSIOLOGY

§ 33:5 General overview
§ 33:6 Salivary glands
§ 33:7 Pharynx
§ 33:8 Esophagus
§ 33:9 The stomach
§ 33:10 Gastric secretions
§ 33:11 Duodenum
§ 33:12 Pancreas
§ 33:13 The liver and gallbladder
§ 33:14 Jejunum and ileum
§ 33:15 Colon

B. ENDOSCOPIC PROCEDURES

§ 33:16 General comments
§ 33:17 Common procedures
§ 33:18 Upper endoscopy
§ 33:19 Therapeutic and special procedures
§ 33:20 Colonoscopy
§ 33:21 Polypectomy
§ 33:22 Flexible sigmoidoscopy
§ 33:23 Endoscopic retrograde cholangiopancreatography (ERCP)

C. COMMON CONDITIONS OF THE GASTROENTEROLOGICAL SYSTEM

§ 33:24 General overview
§ 33:25 Esophagus

§ 33:26 Stomach and duodenum
§ 33:27 Pancreas
§ 33:28 Biliary tract
§ 33:29 Liver
§ 33:30 Large and small intestines
§ 33:31–33:59 *[Reserved]*

III. SPECIMEN AWARDS

§ 33:60 Amounts upheld or uncontested
§ 33:61 Amounts held excessive
§ 33:62 Amounts held inadequate
§ 33:63–33:123 *[Reserved]*

IV. FIGURES

§ 33:124 Figures

V. RELATED ARTICLES

§ 33:125 Drugs and their effects
§ 33:126 Neoplasms
§ 33:127 Surgical procedures
§ 33:128 —Gastrostomy
§ 33:129 Trauma and injuries
§ 33:130 Ulcers
§ 33:131 Miscellaneous
§ 33:132 Infections

CHAPTER 34. GENITOURINARY SYSTEM

I. INTRODUCTION

§ 34:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

§ 34:2 Organs of the genitourinary system
§ 34:3 —Adrenal glands
§ 34:4 —Kidneys
§ 34:5 —Renal calyces, renal pelvis and ureter
§ 34:6 —Bladder
§ 34:7 —Urethra
§ 34:8 —Genital organs
§ 34:9 Functions
§ 34:10 —Regulation of composition of interstitial fluid volume

§ 34:11 —Regulation of blood pressure
§ 34:12 —Production of renal erythropoietic factor (REF)

B. SPECIAL PROCEDURES

§ 34:13 Bladder catheterization
§ 34:14 —Suprapubic cystostomy (percutaneous and open)
§ 34:15 —Urethral catheterization
§ 34:16 — —Intermittent catheterization
§ 34:17 Circumcision
§ 34:18 Cystoscopy
§ 34:19 —Retrograde ureteral instrumentation
§ 34:20 — —Indwelling ureteral stents
§ 34:21 Ureteroscopy
§ 34:22 Orchiectomy
§ 34:23 Percutaneous nephrostomy
§ 34:24 Prostate surgery for benign conditions
§ 34:25 Prostate surgery—Open prostatectomy
§ 34:26 —Transurethral prostatectomy (transurethral resection of the prostate, TURP)
§ 34:27 Vasectomy

C. CONDITIONS, DISEASES AND DISORDERS

§ 34:28 Male sexual dysfunction
§ 34:29 Prostate Specific Antigen
§ 34:30 Prostate cancer
§ 34:31 Bladder cancer
§ 34:32 Kidney cancer
§ 34:33 Urinary tract infection (UTI)
§§ 34:34 to 34:48 *[Reserved]*

III. LITIGATION EXAMPLES

§ 34:49 Wrongful death and survival action—fractured femur—elderly dialysis patient—discovery-deposition of one of plaintiff's treating nephrologists

IV. SPECIMEN AWARDS

§ 34:50 Amounts upheld or uncontested
§ 34:51 Amounts held excessive
§ 34:52 Amounts held inadequate

V. FIGURES

§ 34:53 Figures
§§ 34:55 to 34:99 *[Reserved]*

VI. RELATED ARTICLES

§ 34:100 Dialysis

§ 34:101 Drugs and their effects
§ 34:102 Neoplasms
§ 34:103 —Prostate cancer
§ 34:104 —Bladder cancer
§ 34:105 —Cervical cancer
§ 34:106 —Ovarian cancer
§ 34:107 Renal disease and renal failure
§ 34:108 —Drugs and their effects
§ 34:109 Transplants and allografts
§ 34:110 Urinary tract and bladder
§ 34:111 —Infections
§ 34:112 Incontinence
§ 34:113 —Urine cultures and urinalysis
§ 34:114 Stone formation and treatment
§ 34:115 Male reproductive system
§ 34:116 Female reproductive system
§ 34:117 —Surgical procedures
§ 34:118 —Infections
§ 34:119 —Contraception
§ 34:120 —Menstrual cycle and premenstrual syndrome
§ 34:121 Miscellaneous

CHAPTER 35. SKIN

I. INTRODUCTION

§ 35:1 Scope

II. MEDICAL

A. ANATOMY AND FUNCTION

§ 35:2 Tissue layers
§ 35:3 Functions of skin
§ 35:4 Hair and nails
§ 35:5 Sweat glands
§ 35:6 Sebaceous glands

B. CONDITIONS, DISEASES AND DISORDERS

1. Acne

§ 35:7 Generally
§ 35:8 Acne vulgaris
§ 35:9 Rosacea

2. Bacterial Infections—Primary

§ 35:10 Generally
§ 35:11 Diphtheria

§ 35:12 Ecthyma
§ 35:13 Erysipelas
§ 35:14 Erythrasma
§ 35:15 Folliculitis
§ 35:16 Impetigo
§ 35:17 Scarlet fever

3. Bacterial Infections—Secondary

§ 35:18 Generally
§ 35:19 Infectious eczematoid dermatitis
§ 35:20 Intertrigo
§ 35:21 Otitis externa

4. Bacterial Infections—Systemic

§ 35:22 Generally
§ 35:23 Anthrax
§ 35:24 Brucellosis
§ 35:25 Tularemia

5. Benign Tumors

§ 35:26 Generally
§ 35:27 Epidermal nevi
§ 35:28 Seborrheic keratosis

6. Bullous Diseases

§ 35:29 Generally
§ 35:30 Dermatitis herpetiformis
§ 35:31 Epidermolysis bullosa
§ 35:32 Pemphigoid (bullous pemphigoid)
§ 35:33 Pemphigus

7. Burns

§ 35:34 Generally

8. Cancerous Lesions

§ 35:35 Generally
§ 35:36 Basal cell carcinoma
§ 35:37 Malignant melanoma
§ 35:38 Paget's disease of the nipple
§ 35:39 Squamous cell carcinoma

9. Connective Tissue Diseases

§ 35:40 Generally
§ 35:41 Dermatomyositis
§ 35:42 Discoid lupus erythematosus
§ 35:43 Scleroderma (progressive systemic sclerosis)
§ 35:44 Systemic lupus erythematosus

10. Dermatitis and Eczema

§ 35:45 Generally
§ 35:46 Atopic dermatitis
§ 35:47 Contact dermatitis
§ 35:48 Nummular dermatitis
§ 35:49 Seborrheic dermatitis
§ 35:50 Stasis dermatitis

11. Drug Eruptions (Dermatitis Medicamentosa)

§ 35:51 Generally

12. Fungal Infections—Superficial and Deep

§ 35:52 Generally
§ 35:53 Actinomycosis
§ 35:54 Blastomycosis
§ 35:55 Coccidioidomycosis
§ 35:56 Moniliasis
§ 35:57 Sporotrichosis
§ 35:58 Tinea capitis
§ 35:59 Tinea cruris
§ 35:60 Tinea pedis

13. Hair Conditions

§ 35:61 Generally
§ 35:62 Alopecia areata
§ 35:63 Gray hair
§ 35:64 Tinea of the scalp
§ 35:65 Trichotillomania

14. Nail Disorders

§ 35:66 Generally
§ 35:67 Lichen planus
§ 35:68 Neoplasms
§ 35:69 Paronychia
§ 35:70 Psoriasis

15. Neurogenic and Psychogenic Diseases

§ 35:71 Causalgia
§ 35:72 Factitial dermatitis
§ 35:73 Familial dysautonomia (Riley-Day syndrome)
§ 35:74 Lesions due to compulsive movement
§ 35:75 Neurotic excoriations
§ 35:76 Pruritus

16. Nutritional and Metabolic Diseases

§ 35:77 Generally

§ 35:78 Kwashiorkor
§ 35:79 Marasmus

17. Parasites

§ 35:80 Generally
§ 35:81 American trypanosomiasis (chagas' disease)
§ 35:82 Amebiasis
§ 35:83 Cutaneous larva migrans (creeping eruption)
§ 35:84 Filariasis (tropical elephantiasis)
§ 35:85 Schistosomiasis (bilharziasis)
§ 35:86 Toxoplasmosis
§ 35:87 Trichinosis

18. Pigmentation Disturbances

§ 35:88 Generally
§ 35:89 Acanthosis nigricans
§ 35:90 Albinism
§ 35:91 Chloasma
§ 35:92 Vitiligo

19. Precancerous Lesions

§ 35:93 Generally
§ 35:94 Bowen's disease
§ 35:95 Leukoplakia
§ 35:96 Senile keratosis (actinic keratosis)

20. Rickettsial Diseases

§ 35:97 Generally
§ 35:98 Endemic typhus fever (murine typhus fever)
§ 35:99 Epidemic typhus fever
§ 35:100 Rickettsialpox
§ 35:101 Rocky Mountain spotted fever

21. Sweat Gland Diseases

§ 35:102 Apocrine gland diseases
§ 35:103 —Apocrine chromhidrosis
§ 35:104 —Bromhidrosis
§ 35:105 —Fox-Fordyce disease
§ 35:106 —Hidradenitis suppurativa
§ 35:107 Eccrine gland diseases
§ 35:108 —Anhidrosis
§ 35:109 —Heat stress syndromes
§ 35:110 —Hyperhidrosis

22. Treponemal Infections

§ 35:111 Nonvenereal
§ 35:112 Syphilis

§ 35:113 —Congenital syphilis
§ 35:114 —Primary syphilis
§ 35:115 —Secondary syphilis
§ 35:116 —Tertiary syphilis

23. Vascular Dermatoses

§ 35:117 Generally
§ 35:118 Erythema multiforme
§ 35:119 Erythema nodosum
§ 35:120 Urticaria

24. Viral Diseases

§ 35:121 Generally
§ 35:122 Cat scratch disease
§ 35:123 Erythema infectiosum (fifth disease)
§ 35:124 Exanthem subitum (roseola infantum)
§ 35:125 Herpangina
§ 35:126 Herpes simplex
§ 35:127 Herpes zoster (shingles)
§ 35:128 Infectious mononucleosis
§ 35:129 Molluscum contagiosum
§ 35:130 Rubella (German measles)
§ 35:131 —Congenital
§ 35:132 —Postnatally acquired
§ 35:133 Rubeola (measles)
§ 35:134 Varicella (chicken pox)
§ 35:135 Variola major (smallpox)
§ 35:136 Warts

III. SPECIMEN AWARDS

§ 35:137 Amounts upheld or uncontested
§ 35:138 Amounts held excessive
§ 35:139 Amounts held inadequate

IV. FIGURES

§ 35:140 Figures

V. LITIGATION ILLUSTRATIONS

A. SYSTEMIC LUPUS ERYTHEMATOSUS INDUCED BY TRAUMA

§ 35:141 Editor's introduction

1. Plaintiff's Internist

§ 35:142 Direct examination—Diagnosis: systemic lupus induced by trauma

§ 35:143 Cross-examination—Cause unknown; precipitating factors include infection, sunburn, certain drugs and trauma
§ 35:144 Redirect examination—Prior head injury unlikely precipitating factor
§ 35:145 Recross-examination—No observation of patient; diagnosis based on medical records

VI. RELATED ARTICLES

§ 35:146 Miscellaneous
§ 35:147 Dermatitis
§ 35:148 Neoplasms

CHAPTER 36. INFECTIOUS DISEASE

I. INTRODUCTION

§ 36:1 Scope
§ 36:2 Microbes
§ 36:3 Art of medicine
§ 36:4 Science of medicine
§ 36:5 Cultural advances affecting the incidence of disease
§§ 36:6 to 36:9 *[Reserved]*

II. MEDICAL

A. CAUSES OF INFECTION, TRANSMISSION OF DISEASE AND HOST DEFENSE

§ 36:10 Iatrogenic (medically caused) infection
§ 36:11 —Steroid, cancer treatment, and opportunistic infection
§ 36:12 —Foreign bodies and surgical implants
§ 36:13 Nosocomial infections
§ 36:14 Infectious agents
§ 36:15 —Protozoa
§ 36:16 —Fungi
§ 36:17 —Bacteria
§ 36:18 — —Mycoplasma
§ 36:19 — —Spirochetes
§ 36:20 — —Rickettsias and chlamydias
§ 36:21 — —Classification by staining properties
§ 36:22 — —Classification by shape and oxygen tolerance
§ 36:23 — —Mechanisms of bacterial disease
§ 36:24 —Viruses
§ 36:25 —Unconventional agents
§ 36:26 —Other parasites

§ 36:27 — —Helminths
§ 36:28 — —Cestodes(tapeworms)
§ 36:29 — —Trematodes (flukes)
§ 36:30 — —Nematodes(roundworms)
§ 36:31 — —Arthropoda
§ 36:32 Concepts of parasitic disease
§ 36:33 Reservoirs of infection
§ 36:34 —Indigenous flora
§ 36:35 —Environment
§ 36:36 —Infected animals
§ 36:37 —Human beings
§ 36:38 — —Venereal diseases
§ 36:39 Transmission of infectious agents
§ 36:40 —Common source
§ 36:41 —Contact
§ 36:42 —Airborne transmission
§ 36:43 —Animal vectors
§ 36:44 —Iatrogenic transmission
§ 36:45 Host defenses
§ 36:46 —Portal of entry
§ 36:47 — —Skin
§ 36:48 — —Respiratory tract
§ 36:49 — —Gastrointestinal tract
§ 36:50 — —Genitourinary tract
§ 36:51 — —Secretory glands
§ 36:52 — —Peritoneum
§ 36:53 — —Suppurative peritonitis
§ 36:54 —Inflammatory response
§ 36:55 — —Granulomatous inflammation
§ 36:56 —Humoral immunity
§ 36:57 —Cell-mediated immunity
§ 36:58 —Interferon
§ 36:59 Factors influencing host defense—Congenital disorders of the immune system
§ 36:60 —Age
§ 36:61 — —Neonates
§ 36:62 — —Children
§ 36:63 — —Adults
§ 36:64 —Compromised host
§§ 36:65 to 36:70 *[Reserved]*

B. DIAGNOSIS

§ 36:71 Overview
§ 36:72 Medical history
§ 36:73 —Community-acquired infections
§ 36:74 —Hospital-acquired infections

§ 36:75 Manifestations
§ 36:76 —Constitutional symptoms
§ 36:77 —Chronology
§ 36:78 —Blood alterations
§ 36:79 — —White blood cell count
§ 36:80 — —Erythrocyte sedimentation rate and other tests
§ 36:81 Etiologic diagnosis
§ 36:82 —Microbe isolation
§ 36:83 —Microscopic examination of specimens
§ 36:84 —Serologic procedures
§ 36:85 —Potential for error
§ 36:86 Diagnostic classification
§ 36:87 Presumed infectious diseases
§§ 36:88 to 36:90 *[Reserved]*

C. DRUG USE AND ABUSE

§ 36:91 Rational drug use
§ 36:92 —Septic shock
§ 36:93 — —Medical management of septic patient
§ 36:94 Guidelines for rational drug therapy
§ 36:95 —Accurate diagnosis
§ 36:96 —Availability of effective therapy
§ 36:97 — —Viruses
§ 36:98 — —Immunotherapy
§ 36:99 — —Surgery
§ 36:100 —Hazards of therapy
§ 36:101 — —Superinfection
§ 36:102 — —Allergic reactions
§ 36:103 — —Drug toxicity
§ 36:104 — —Masking of clinical manifestations
§ 36:105 — —Microbe resistance to antibiotics
§ 36:106 — —Other hazards
§ 36:107 —Plan of treatment
§ 36:108 Prophylaxis
§ 36:109 —Chemoprophylaxis
§ 36:110 —Immunoprophylaxis
§ 36:111 — —Complications of vaccine use
§ 36:112 — —Immune serum
§ 36:113 Summary
§ 36:114 Inappropriate antimicrobial drug use
§ 36:115 —The rise of antibiotic abuse
§ 36:116 —Some disturbing statistics
§ 36:117 —Conclusion
§§ 36:118 to 36:124 *[Reserved]*

D. CONDITIONS, DISEASES AND DISORDERS

§ 36:125 Bioterrorism

§ 36:126 —Anthrax
§ 36:127 —Smallpox
§ 36:128 —Other potential agents
§ 36:129 Foodborne illnesses
§ 36:130 Hepatitis
§ 36:131 Legionnaire's disease
§ 36:132 Lyme disease
§ 36:133 Rocky mountain spotted fever
§ 36:134 Toxic shock syndrome (TSS)
§ 36:135 Viral encephalitis
§ 36:136 Viral hemorrhagic fevers
§§ 36:137 to 36:149 *[Reserved]*

III. SPECIMEN AWARDS

§ 36:150 Amounts upheld or uncontested
§ 36:151 Amounts held excessive
§ 36:152 Amounts held inadequate

IV. LITIGATION ILLUSTRATIONS

§§ 36:153 to 36:199 *[Reserved]*

V. RELATED ARTICLES

§ 37:33 —Active and passive immunizations
§ 37:34 —Diphtheria
§ 37:35 —Pertussis (Whooping Cough)
§ 37:36 —Tetanus
§ 37:37 —Measles (rubeola)
§ 37:38 —Mumps
§ 37:39 —Rubella (German measles)
§ 37:40 —Polio
§ 37:41 Shingles (Herpes Zoster)
§ 37:42 Influenza
§ 37:43 Pneumococcal vaccine

§ 37:44 Immunizations

B. CONDITIONS, DISEASES AND DISORDERS OF THE IMMUNE SYSTEM

§ 37:45 Introduction
§ 37:46 Acquired Immune Deficiency Syndrome (AIDS)
§ 37:47 Allergic rhinitis (hay fever)
§ 37:48 Angioedema
§ 37:49 Asthma
§ 37:50 Immunodeficiency diseases
§ 37:51 Specific immunodeficiency (ID) disorders—Common Variable ID
§ 37:52 —Selective IgA Deficiency
§ 37:53 —IgG Subclass Deficiency
§ 37:54 —Other disorders
§ 37:55 Gastrointestinal allergy
§ 37:56 Lymphoma
§ 37:57 Lymphoma—Hodgkin's Lymphoma (Hodgkin's disease)
§ 37:58 Lymphoma—Non-Hodgkin's lymphomas (lymphocytic, histiocytic and undifferentiated types)
§ 37:59 Macroglobulinemia (Primary or Waldenstrom's Macroglobulinemia)
§ 37:60 Multiple Myeloma (Plasma Cell Myeloma)
§ 37:61 Sudden infant death syndrome (SIDS)
§ 37:62 Urticaria/Angioedema
§§ 37:63 to 37:94 *[Reserved]*

III. SPECIMEN AWARDS

§ 37:95 Amounts upheld or uncontested
§ 37:96 Amounts held excessive
§§ 37:97 to 37:149 *[Reserved]*

V. LITIGATION ILLUSTRATIONS

A. ALLERGIC REACTION DURING INTRAVENOUS PYELOGRAM (IVP)

§ 37:150 Editor's introduction

1. Defendant Radiologist (Adverse Witness)

§ 37:151 Adverse party examination by plaintiff—IVP reactions frequent and often serious
§ 37:152 —Ignored manufacturer's caution to wait 10 minutes after sensitivity test
§ 37:153 —Did not personally conduct or witness IVP and pretest

§ 37:154 —Treated plaintiff's reaction with drugs
§ 37:155 —No record of sensitivity pretest—Logbook incomplete
§ 37:156 Clarifying examination by codefendant—IVP reactions not allergic and not reduced by premedication
§ 37:157 —Test dose reactions not reliable predictors
§ 37:158 Further examination by plaintiff—No recollection of authorizing IVP

2. Defendant's Expert Allergist

§ 37:159 Direct examination—Defendant's procedures entirely normal and proper
§ 37:160 —Answer to hypothetical: plaintiff's current condition not due to IVP
§ 37:161 Cross-examination—Opinion impeached by own journal article
§ 37:162 Redirect examination—Parts of journal article irrelevant
§ 37:163 Recross-examination—Hypothetical was misleading; trivialized plaintiff's symptoms

B. LATEX ALLERGY

§ 37:164 Plaintiff's dermatologist
§ 37:165 Plaintiff's allergist
§ 37:166 Defendant's vocational rehabilitation expert
§§ 37:167 to 37:199 *[Reserved]*

VI. RELATED ARTICLES

§ 37:200 Acquired Immune Deficiency Syndrome (AIDS)

§ 37:224 Miscellaneous

CHAPTER 38. OCCUPATIONAL AND ENVIRONMENTAL DISEASES

I. INTRODUCTION

§ 38:1 Scope
§ 38:2 Effect of technological progress
§ 38:3 Cost-benefit ratio
§ 38:4 Toxicity level guidelines
§ 38:5 —Acute and chronic exposure limits
§ 38:6 —Biological effects
§ 38:7 —Nature of research and reliability of data
§ 38:8 —Government standards
§§ 38:9 to 38:14 *[Reserved]*

II. MEDICAL

A. EXPOSURE TO TOXINS

§ 38:15 Types of toxins
§ 38:16 Principle of toxicology: Body burden and paths through the body
§ 38:17 Incidence of environmental exposure
§ 38:18 Necessity for comprehensive patient history
§§ 38:19 to 38:24 *[Reserved]*

B. ENVIRONMENTAL TOXINS AND THEIR DISEASES AND DISORDERS

1. Air Pollutants

§ 38:25 Severity of pollution
§ 38:26 Major pollutants
§ 38:27 Health hazards
§§ 38:28 to 38:34 *[Reserved]*

2. Chemical Toxicants

§ 38:35 General effects of industrial chemicals
§ 38:36 Alcohols and glycols
§ 38:37 —Ethylene glycol

§ 38:38 —Methanol
§ 38:39 Aliphatic hydrocarbons
§ 38:40 Alkalies
§ 38:41 —Ammonia
§ 38:42 Aromatic hydrocarbons
§ 38:43 Carbon dioxide
§ 38:44 Carbon monoxide
§ 38:45 Chlorinated hydrocarbons
§ 38:46 —Carbon tetrachloride and chloroform
§ 38:47 —Methyl chloride
§ 38:48 Cyanides
§ 38:49 Halogens
§ 38:50 —Fluorine and fluorinated compounds
§ 38:51 Hydrogen sulfide
§ 38:52 Ketones and ethers
§ 38:53 Ozone
§ 38:54 Sulfur compounds
§ 38:55 —Nitric acid
§ 38:56 —Sulfur dioxide
§ 38:57 —Sulfuric acid
§ 38:58 Asphalt fumes
§§ 38:59 to 38:64 *[Reserved]*

3. Cultural (Lifestyle) Poisons

§ 38:65 Consciousness altering drugs—Generally
§ 38:66 —Addiction and withdrawal
§ 38:67 —Other dangers
§ 38:68 Alcohol (ethanol)
§ 38:69 —Acute intoxication
§ 38:70 —Chronic alcoholism
§ 38:71 —Withdrawal syndrome
§ 38:72 Narcotics (addiction and overdose)
§ 38:73 Psychogenic drugs
§ 38:74 —LSD, mescaline, psilocybin
§ 38:75 —Marijuana
§ 38:76 Sedative-hypnotic drugs
§ 38:77 —Acute barbiturate intoxication
§ 38:78 —Chronic barbiturate intoxication
§ 38:79 Solvents
§ 38:80 Stimulants—Amphetamine (benzedrine)
§§ 38:81 to 38:84 *[Reserved]*

4. Dietary Toxicants

§ 38:85 Food additives
§ 38:86 —BHA and BHT
§ 38:87 —Caffeine
§ 38:88 —Coloring additives

§ 38:89 —Cyclamates
§ 38:90 —Mercury
§ 38:91 —Monosodium glutamate (MSG)
§ 38:92 —Nitrosamines
§ 38:93 —Saccharine
§ 38:94 Food poisoning
§ 38:95 —Botulism
§ 38:96 —Clostridium perfringens
§ 38:97 —Salmonella gastroenteritis
§ 38:98 —Shigellosis (bacillary dysentery)
§ 38:99 —Staphylococcal food poisoning
§§ 38:100 to 38:104 *[Reserved]*

5. Metallic Poisons

§ 38:105 Industrial and environmental hazards—Generally
§ 38:106 Aluminum—Shaver's disease
§ 38:107 Antimony
§ 38:108 —Acute antimony intoxication
§ 38:109 —Chronic antimony poisoning
§ 38:110 Arsenic
§ 38:111 —Acute arsenic poisoning
§ 38:112 —Arsine poisoning
§ 38:113 —Chronic arsenic poisoning
§ 38:114 Beryllium
§ 38:115 —Acute beryllium poisoning
§ 38:116 —Chronic beryllium poisoning
§ 38:117 Cadmium
§ 38:118 —Acute cadmium poisoning
§ 38:119 —Chronic cadmium poisoning
§ 38:120 Chromium poisoning
§ 38:121 Lead
§ 38:122 —Acute lead poisoning (plumbism)
§ 38:123 —Chronic lead poisoning (plumbism)
§ 38:124 Manganese
§ 38:125 —Chronic manganese poisoning
§ 38:126 —Manganese pneumonitis
§ 38:127 Mercury
§ 38:128 —Acute poisoning by mercury compounds
§ 38:129 —Chronic poisoning by mercury compounds (industrial mercurialism)
§ 38:130 Metal fume fever
§ 38:131 Nickel
§ 38:132 —Chronic nickel poisoning
§ 38:133 —Nickel dermatitis (nickel itch)
§ 38:134 Selenium
§ 38:135 —Acute selenium poisoning
§ 38:136 —Chronic selenium poisoning

§§ 38:137 to 38:144 *[Reserved]*

6. Naturally Occurring Toxicants

§ 38:145 Means of exposure to toxic natural substances
§ 38:146 Bacterial and viral infections
§ 38:147 —Psittacosis (ornithosis)
§ 38:148 Mineral dust
§ 38:149 —Asbestosis
§ 38:150 —Benign pneumoconioses
§ 38:151 —Coal worker's pneumoconiosis
§ 38:152 —Mixed dust pneumoconioses
§ 38:153 —Silicosis
§ 38:154 Molds and dusts
§ 38:155 —Bagassosis
§ 38:156 —Byssinosis
§ 38:157 —Farmer's lung
§ 38:158 —Mills fever ("dust fever")
§ 38:159 —Weaver's cough
§ 38:160 —Wood dust
§ 38:161 Plant poisoning
§ 38:162 —Castor bean (ricinus communis)
§ 38:163 —Gill fungi (agaricaceae, deadly amanitas)
§ 38:164 —Jimson weed (datura of the nightshade family)
§ 38:165 —Nightshades (nightshade family, solanaceae)
§ 38:166 —Parsley family (umbelliferae)
§ 38:167 —Pokeweed family (phytolaccaceae)
§ 38:168 —Spurge family (euphorbiaceae)
§ 38:169 —Sumac family (anacardiaceae, genus rhus)
§§ 38:170 to 38:174 *[Reserved]*

7. Pesticides

§ 38:175 Implications of widespread use
§ 38:176 Carbonates
§ 38:177 Carbon disulfide
§ 38:178 Chlorinated hydrocarbons
§ 38:179 Dinitrophenols
§ 38:180 Organomercurials
§ 38:181 Organophosphates
§ 38:182 Pentachlorphenol

8. Polymeric Toxicants

§ 38:183 Industrial uses and hazards of polymers
§ 38:184 —Elastics
§ 38:185 —Plastics
§ 38:186 —Textiles and fibers
§§ 38:187 to 38:194 *[Reserved]*

9. Radiation

§ 38:195 Increasing use and hazard
§ 38:196 Internal emitters
§ 38:197 Radium
§ 38:198 Acute radiation syndrome
§ 38:199 External radiation exposure
§§ 38:200 to 38:204 *[Reserved]*

10. Teratogens

§ 38:205 Teratogenic and mutagenic changes—Definitions
§ 38:206 Possible environmental dangers
§ 38:207 Pharmacologic causes
§ 38:208 —Alcohol
§ 38:209 —Amphetamines
§ 38:210 —Analgesics
§ 38:211 —Anesthetics
§ 38:212 —Antihistamines
§ 38:213 —Chemotherapeutics
§ 38:214 —Hallucinogens
§ 38:215 —Thalidomide
§§ 38:216 to 38:244 *[Reserved]*

III. SPECIMEN AWARDS

§ 38:245 Amounts upheld or uncontested
§ 38:246 Amounts held excessive

IV. FIGURES

§§ 38:247 to 38:274 *[Reserved]*

V. LITIGATION ILLUSTRATIONS

A. BOARD CERTIFIED ALLERGIST ON EFFECTS OF FORMALDEHYDE EXPOSURE

§ 38:275 Introduction

B. DIRECT EXAMINATION OF ALLERGIST

§ 38:276 Allergist's background
§ 38:277 Hyperthyroid
§ 38:278 Allergic rhinitis
§ 38:279 Skin tests performed
§ 38:280 Physical exam and blood tests
§ 38:281 Urinalysis, chest X-ray, EKG—Normal
§ 38:282 Proctoscopy and department of dermatology consultation
§ 38:283 Minnesota Multiphasic Personality Inventory

§ 38:284 Diagnosis—Chronic anxiety and hypochondriasis
§ 38:285 Mild allergic rhinitis
§ 38:286 No evidence of immune deficiency or hormone abnormality
§ 38:287 Skin tests—Normal
§ 38:288 Needed no treatment—No reason to be disabled
§ 38:289 Allergic rhinitis—Recommendation
§ 38:290 Formaldehyde—Not a cause of plaintiff's complaints
§ 38:291 Clinical ecologists—Not an accepted medical group

C. CROSS-EXAMINATION OF ALLERGIST

§ 38:292 Particle board contains formaldehyde
§ 38:293 Properties of formaldehyde
§ 38:294 Hypersensitivity
§ 38:295 Disagree with those who say certain individuals hypersensitive
§ 38:296 Sensitized individuals—Increasingly severe reaction
§ 38:297 Particle board in home can increase formaldehyde concentration
§ 38:298 Levels of .1 or .2 parts per million
§ 38:299 Weight loss not effect of formaldehyde poisoning
§ 38:300 Anorexia not same as weight loss
§ 38:301 Sore throat—Acute symptom of formaldehyde exposure
§ 38:302 —Strep throat
§ 38:303 Diarrhea
§ 38:304 Could not substantiate complaints
§ 38:305 Nosebleeds
§ 38:306 No credence to other complaints
§ 38:307 "True nature of irritation not recognized"—Statement at seminar
§ 38:308 History didn't include exposure to formaldehyde
§ 38:309 Symptoms better after moved
§ 38:310 History of others who lived in home—Not important

D. REDIRECT EXAMINATION

§ 38:311 No relationship between formaldehyde exposure and problems
§ 38:312 Strep throat caused by specific bacteria
§ 38:313 Complaints—Common symptoms of anxiety and nervous tension

E. RECROSS-EXAMINATION OF ALLERGIST

§ 38:314 Cross-sensitization/hypersensitivity—Studies imprecise

§ 38:315 Witness' articles dealing with formaldehyde exposure
§ 38:316 Did not expose plaintiff to formaldehyde

F. REDIRECT EXAMINATION OF ALLERGIST

§ 38:317 No reason to expose plaintiff to formaldehyde
§ 38:318 Symptoms from exposure are temporary
§§ 38:319 to 38:349 *[Reserved]*

VI. RELATED ARTICLES

§ 38:350 Asbestos
§ 38:351 Formaldehyde
§ 38:352 Dioxin

§ 38:374 Diet, exercise, and nutrition

CHAPTER 39. TRAUMA, INJURIES AND DISEASE

I. INTRODUCTION

§ 39:1 Scope
§§ 39:2 to 39:4 *[Reserved]*

II. MEDICAL

A. GENERAL APPROACH TO THE TRAUMATIZED PATIENT

§ 39:5 Severity of injury
§ 39:6 Initial treatment
§ 39:7 —Establishment of airway
§ 39:8 —Fluid replacement
§ 39:9 —Further examination
§ 39:10 Repair of chest injuries
§ 39:11 Exploration of abdominal injuries
§ 39:12 Monitoring devices
§§ 39:13 to 39:19 *[Reserved]*

B. SPECIFIC TRAUMA

1. Bites and Stings

§ 39:20 Animal bites
§ 39:21 —Rabies
§ 39:22 —Snakebites
§ 39:23 Insect stings
§ 39:24 *[Reserved]*

2. Burns

§ 39:25 Generally
§ 39:26 Airway maintenance
§ 39:27 Pain relief
§ 39:28 Fluid management
§ 39:29 Antibiotic therapy
§ 39:30 Skin grafts
§ 39:31 Complications
§§ 39:32 to 39:34 *[Reserved]*

3. Lacerations

§ 39:35 Generally
§ 39:36 Suture material
§§ 39:37 to 39:39 *[Reserved]*

4. Traumatic Amputations

§ 39:40 Generally
§§ 39:41 to 39:44 *[Reserved]*

C. TRAUMA AND CANCER (EWING'S PRINCIPLE)

§ 39:45 Possible causal relationship
§ 39:46 Etiology
§ 39:47 Pathology

§ 39:48 Proof and allegations
§ 39:49 Effects of trauma alone
§ 39:50 Ewing's principle
§ 39:51 Bridging the symptoms
§ 39:52 Single trauma controversy
§ 39:53 Repeated trauma—Occupational cancer
§ 39:54 Malignant transformation
§ 39:55 Aggravation of preexisting cancer
§ 39:56 Metastases
§ 39:57 Summary
§§ 39:58 to 39:89 *[Reserved]*

III. SPECIMEN AWARDS

§ 39:90 Amounts upheld or uncontested
§ 39:91 Amounts held excessive
§ 39:92 Amounts held inadequate

IV. LITIGATION ILLUSTRATIONS

§§ 39:93 to 39:139 *[Reserved]*

V. RELATED ARTICLES

§ 39:140 Burns

PART SIX MEDICAL MALPRACTICE

CHAPTER 40. MEDICAL MALPRACTICE

I. INTRODUCTION

§ 40:1 Scope
§ 40:2 Importance

II. PHYSICIAN/HOSPITAL PATIENT RELATIONSHIPS

§ 40:3 Duty to act in good faith
§ 40:4 Obligation to render medical services—Physicians
§ 40:5 —Hospitals
§ 40:6 Physician/patient relationship—Commencement
§ 40:7 —Contract
§ 40:8 —Procurement by third party
§ 40:9 —Termination
§ 40:10 — —Withdrawal
§ 40:11 — —Discharge
§ 40:12 — —Abandonment
§ 40:12.50 —Affordable Care Act
§ 40:13 Physician-patient privilege and the duty of confidentiality

III. MEDICAL MALPRACTICE CASE

A. IN GENERAL

§ 40:14 Elements
§ 40:15 Statutes of limitations and repose—Identify defendants
§ 40:16 —Pre-suit discovery
§ 40:17 —Respondents in discovery
§ 40:18 —Respondents in discovery complaint at law
§ 40:19 — —Interrogatories and notice of deposition duces tecum—Example
§ 40:20 Accurate medical records
§ 40:21 Standard of care—Duty
§ 40:22 —Proof
§ 40:23 — —Locality rule

§ 40:24 — —Best judgment and skill of practitioner
§ 40:25 — —Specialists
§ 40:26 — —Compelling testimony
§ 40:27 — —Opposing schools of practice
§ 40:28 — —Degree of proof
§ 40:28.1 Statutory damage caps

B. DEFENSES

§ 40:29 In general
§ 40:30 Failure to prove essential elements
§ 40:31 Statute of limitations
§ 40:32 Contributory and comparative negligence
§ 40:32.1 Apportionment of responsibility to other physicians
§ 40:33 Punitive damages and willful and wanton conduct
§ 40:34 Assumption of risk
§ 40:35 Good Samaritan
§ 40:35.50 Emergency services

C. ARBITRATION

§ 40:36 In general

IV. AREAS OF LIABILITY

A. GENERAL LIABILITY

§ 40:37 In general
§ 40:38 Examinations, testing and diagnosis
§ 40:39 Liability for HIV transmission or fear of transmission

B. TREATMENT

§ 40:40 Insufficient treatment
§ 40:41 Drug prescription
§ 40:42 Surgery
§ 40:43 Anesthesia

C. CONSENT

§ 40:44 In general
§ 40:45 Informed consent
§ 40:46 Scope of disclosure
§ 40:47 Proximate cause
§ 40:48 Express or implied consent
§ 40:49 When consent not necessary
§ 40:50 Refusal to consent
§ 40:51 Autopsies

§ 40:52 Necessity of expert witness

D. LIABILITY FOR ACTS OF OTHERS

§ 40:53 In general
§ 40:54 Substitute or consultant
§ 40:55 Operating room
§ 40:56 Independent contractor
§ 40:57 Hospital employees
§ 40:58 Anesthesiologists and anesthetists
§ 40:59 Conclusion

V. SPECIMEN AWARDS

§ 40:60 Amounts upheld or uncontested
§ 40:61 Amounts held excessive
§ 40:62 Amounts held inadequate
§§ 40:63 to 40:69 *[Reserved]*

VI. RELATED ARTICLES

CHAPTER 41. PRODUCTS LIABILITY IN THE MEDICAL FIELD

I. INTRODUCTION

§ 41:1 Scope
§ 41:2 Evolution of products liability law
§ 41:3 Effects of increased technology

II. TYPES OF MEDICAL PRODUCTS AND PRODUCT DEFECTS

§ 41:4 Medical products generally
§ 41:5 Medical devices—Definition
§ 41:6 Drugs—Definition
§ 41:7 External and internal medical products
§ 41:8 Types of defects
§ 41:9 —Design defects
§ 41:10 Manufacturing defects
§ 41:11 Failure to warn
§ 41:12 —Federal preemption
§ 41:13 Protective orders
§ 41:14 —Example

III. THEORIES OF RECOVERY

§ 41:15 Elements of proof

§ 41:16 Negligence
§ 41:17 —Specific allegations of negligence
§ 41:18 — —Punitive damages
§ 41:19 Warranty
§ 41:20 —Express warranty
§ 41:21 —Implied warranty of merchantability
§ 41:22 —Implied warranty of fitness for a particular purpose
§ 41:22.1 Fraud
§ 41:23 Strict liability
§ 41:24 —Definition of defect
§ 41:25 — —Consumer expectation test
§ 41:26 — —Risk vs. utility test
§ 41:27 — —Seller imputed knowledge test (negligence hindsight test)

IV. POTENTIAL DEFENDANTS

§ 41:28 Potential defendants in the stream of distribution
§ 41:28.50 Designer
§ 41:29 Manufacturers
§ 41:29.50 Apparent manufacturer
§ 41:30 —Market share formula
§ 41:31 —Physician's negligence—Intervening cause
§ 41:32 Retailers and suppliers
§ 41:33 —Pharmacists
§ 41:34 Product endorsers
§ 41:35 Hospitals and physicians: suppliers of goods or services?
§ 41:36 —Blood cases
§ 41:37 —Medical devices
§ 41:38 —Hospital liability
§ 41:39 — —Negligent selection of medical equipment
§ 41:40 — —Violating regulations or instructions
§ 41:41 — —Training hospital staff
§ 41:42 — —Negligent maintenance of medical products
§ 41:43 — — —Increased involvement leads to increased liability
§ 41:44 —Physician's liability
§ 41:45 — —Negligent selection of medical devices
§ 41:46 — —Negligent misuse of medical devices
§ 41:47 — —Continuing duty
§ 41:48 — —Negligent prescription
§ 41:49 — —Foreign body cases
§ 41:50 Effective discovery
§ 41:51 Pre-suit discovery
§ 41:52 Respondents in discovery

§ 41:53 —Respondents in discovery complaint at law—Example
§ 41:54 —Respondents in discovery interrogatories—Example

V. PROVING THE CASE

§ 41:55 Manner of proof
§ 41:56 —Trade and industry literature
§ 41:57 —"In-house" discovery
§ 41:58 —Government regulations and standards
§ 41:59 —Expert witnesses

VI. DEFENSES

§ 41:60 Defenses
§ 41:61 —Misuse
§ 41:62 —Unavoidably unsafe products
§ 41:62.1 —Failure to mitigate damages
§ 41:63 —Unforeseeable medical reactions
§ 41:64 —State of the art
§ 41:65 —Contributory negligence and assumption of risk
§ 41:66 —Comparative fault
§ 41:67 —Disclaimers of warranty
§ 41:68 —Time limitations
§ 41:69 —Compliance with customs and regulations

VII. SPECIMEN AWARDS

§ 41:70 Amounts upheld or uncontested

VIII. LITIGATION ILLUSTRATIONS

§§ 41:71 to 41:84 *[Reserved]*

IX. RELATED ARTICLES

§ 41:85 Iuds
§ 41:86 AIDS litigation

CHAPTER 42. WRONGFUL DEATH AND SURVIVAL ACTIONS

I. HISTORY AND REQUIREMENTS FOR STATUTORY RECOVERY

§ 42:1 History—Common law

§ 42:2 Statutory recovery
§ 42:2.50 —Application of contractual arbitration clauses
§ 42:3 —Proper plaintiffs and beneficiaries
§ 42:4 —Necessity of qualified beneficiaries
§ 42:5 — —Unborn children
§ 42:6 —Requirement of dependency
§ 42:7 —Requirement of family relationship
§ 42:8 —Elements of damage
§ 42:9 —Pecuniary damages
§ 42:10 —Support and contributions
§ 42:11 —Net earnings method
§ 42:12 —Actual contributions method
§ 42:13 —Loss of services
§ 42:14 —Loss of nurture, training, education or guidance
§ 42:15 —Loss to estate
§ 42:16 —Nonpecuniary damages
§ 42:17 —Loss of society
§ 42:18 —Grief and mental suffering
§ 42:19 —Punitive, exemplary or vindictive damages
§ 42:20 — —Pain and suffering of deceased

II. FEDERAL STATUTES

§ 42:21 United States statutes
§ 42:22 —Federal Tort Claims Act
§ 42:23 —Federal Employers' Liability Act
§ 42:24 —Jones Act
§ 42:25 —Death on the High Seas Act
§ 42:25.1 Foreign Sovereign Immunities Act (FSIA)
§ 42:25.2 Public Readiness and Emergency Preparedness Act's (PREP)

III. STATE STATUTES

§ 42:26 State statutes
§ 42:27 Alabama
§ 42:28 Alaska
§ 42:29 Arizona
§ 42:30 Arkansas
§ 42:31 California
§ 42:32 Clorado
§ 42:33 Connecticut
§ 42:34 Delaware
§ 42:35 District of Columbia
§ 42:36 Florida
§ 42:37 Georgia
§ 42:38 Hawaii

§ 42:39 Idaho
§ 42:40 Illinois
§ 42:41 Indiana
§ 42:42 Iowa
§ 42:43 Kansas
§ 42:44 Kentucky
§ 42:45 Louisiana
§ 42:46 Maine
§ 42:47 Maryland
§ 42:48 Massachusetts
§ 42:49 Michigan
§ 42:50 Minnesota
§ 42:51 Mississippi
§ 42:52 Missouri
§ 42:53 Montana
§ 42:54 Nebraska
§ 42:55 Nevada
§ 42:56 New Hampshire
§ 42:57 New Jersey
§ 42:58 New Mexico
§ 42:59 New York
§ 42:60 North Carolina
§ 42:61 North Dakota
§ 42:62 Ohio
§ 42:63 Oklahoma
§ 42:64 Oregon
§ 42:65 Pennsylvania
§ 42:66 Puerto Rico
§ 42:67 Rhode Island
§ 42:68 South Carolina
§ 42:69 South Dakota
§ 42:70 Tennessee
§ 42:71 Texas
§ 42:72 Utah
§ 42:73 Vermont
§ 42:74 Virginia
§ 42:75 Virgin Islands
§ 42:76 Washington
§ 42:77 West Virginia
§ 42:78 Wisconsin
§ 42:79 Wyoming

IV. NONSTATUTORY RECOVERY

§ 42:80 Nonstatutory recovery

V. PLEADINGS, DISCOVERY, AND JURY INSTRUCTIONS

§ 42:81 Pleading in wrongful death actions
§ 42:82 Sample petition to appoint special administrator
§ 42:83 Sample pleadings—Death of parent—Fall from scaffolding
§ 42:84 —Medical malpractice
§ 42:85 —Death of parent—Death of child—Medical malpractice
§ 42:86 —Sample interrogatories to plaintiff
§ 42:87 —Sample jury instructions

VI. SPECIMEN AWARDS

§ 42:88 Amounts upheld or uncontested
§ 42:89 Amounts held excessive
§ 42:90 Amounts held inadequate
§§ 42:91 to 42:99 *[Reserved]*
