The binder set has been converted into a four-volume pamphlet format. This should greatly improve the reader's experience in terms of filing pages within a limited binder system—allowing the work to easily expand as needed. Though the format is changing, customers are not being charged more for this format change. Subscribers will pay the same overall price that they would have been charged during the course of the year.

Highlights of the Summer 2026-2027 release include updated citations from federal and state jurisdictions across the nation in all areas of trial technique from pre-trial discovery and motion practice, to jury selection, examination of witnesses and other aspects of conducting a trial, and through the appeals process.
