PREFACE

This 2026-2027 supplement pamphlet to Korte, 29 Missouri Practice, Workers' Compensation Law and Practice includes references to cases with citations in West's South Western Reporter beginning with Volume 108 S.W.3d and ending with the close of volume 732 S.W.3d.

This 2026-2027 supplement pamphlet to main volume 29 replaces the 2025-2026 supplement issued in November 2025 in its entirety.

It is essential that this pocket part be read side-by-side with the corresponding section of the main volume. Rather than merely supplementing the remaining sections by adding additional text at the end of the section to the pocket part, the pocket part directs the reader to appropriate insertion points in the text of the main volume of sentences. This style has been adopted in order to maintain and enhance the text in the main volume with the least possible confusion or ambiguity.

Any references to the liberal construction required to be given to The Workers? Compensation Law should be disregarded and brought to the attention of the author, along with any found typographical or other citation errors.

All statements in either the main volume or this Supplement that are based on case law that arose prior to the imposition on courts of strict construction of The Workers? Compensation Law in 2005 should be scrutinized carefully as to their continued viability. Similarly, it should be kept in mind that all statements based on cases other than those decided by the Missouri supreme court may be subject to further review by that court.

These sections of the main volume have been entirely rewritten and should be disregarded, in favor of the corresponding section in the pocket part: 1.23; 1.24; 2.2; 2.11; 3.1; 3.2; 3.9; 3.10; 4.17; 5.1; 5.5; 5.8; 5.9; 5.10; 5.15; 5.36; 6.2; 6.3; 6.6; 7.8; 7.9; 7.19; 7.28; 7.29; 7.31; 7.34; 7.35; 7.36; 7.42; 8.1; 8.10; 8.22.
