

PREFACE

These pocket parts reflect major case law developments and rule changes through June 2026. New developments include the following:

- Rule 612 is fully revised to clarify the rights and procedures when a writing or object is used to refresh a witness's memory, including updated language on in camera review and remedies for nonproduction.
- Rule 703 is amended to specify that expert opinions must be based on facts or data in evidence or admitted later at the court's discretion.
- Rule 803 is updated with new language and reorganized for clarity, with revised cross-references and explanations for hearsay exceptions.
- Recent appellate decisions are integrated throughout, particularly on preservation of evidentiary objections and plain error review.
- Expanded discussion of the inapplicability of evidentiary rules in in camera child custody interviews is included under Rule 1101.
