Introduction to the 2026-2027 Edition

Thank you for purchasing Managing Environmental Risk Real Estate and Business Transactions. This resource offers a broad perspective, well beyond that of random articles about business and property transactions. It fully explains environmental liability risks to specialists and nonspecialists alike. The text discusses statutory and common law sources of liability and considers the concerns of the varied parties involved. It provides checklists and drafting suggestions to assist you in transactional planning.

Highlights

- Updated Chapter 18. *Pre-Transactional Environmental Risk Assessment, Auditing, and Due Diligence Investigation. Appendices A & C.*
- New Appendix 18-D. *EPA Organization Chart Contact Information*.
