Introduction to the 2026-2027 Edition

With this 2026-2027 Edition of *Legal Rights of Children*, you will find the same comprehensive, up-to-date treatment of the law affecting children that continues to be unmatched since the first edition of this work was published several decades ago. Noteworthy changes in this edition include:

- Supplementation of the scope and coverage of many sections throughout the work.
- Comprehensive updates on new legislation and case law

I thank those who have purchased this book and continue to hope that it assists you in your important work, in whatever manner that work affects or is related to the legal rights of children. Additionally, I strongly encourage lawyers, judges and legal scholars to feel free to offer any suggestion that would make this work more useful.

Thomas R. Young
