

Introduction to the 2026 Edition

Pennsylvania Driving Under the Influence is a comprehensive practice guide to alcohol- and drug-influenced operating offenses. It covers both driving and boating and provides legislative history, case procedures, and trial procedures. The text discusses the ramifications of DUI-related convictions and how to proceed with a DUI case. The author is an expert in Pennsylvania DUI practice, and the text is thoroughly reviewed and updated annually with practice advice and expert analysis of the latest case law and statutory developments.

New features and recent developments discussed in this 2026 edition include:

- Updated discussion in—3:6 Driving under the influence of drugs that impair the person's ability to drive safely
- Updated discussion in—§ 6:3 Homicide by vehicle while driving under the influence—Conviction for DUI
- Updated discussion—§ 12:39 Warnings of consequences of refusal—Who must deliver warnings
- New section—§ 19:2 The state of ARD law
- New Section—§ 19:20 DUI following a diversionary program
- Entire volume is reviewed for new developments in the law and updated as appropriate
